Re: Mario Jackson vs. Sgt. Joseph Peck, et al. Case No. 08-106152 NO. File No. A37000.006398 (Bradley, Yvonne).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. 8. Neither the "high-low" amounts, nor the mediation award shall be disclosed to the arbitrators. Disclosure of the "high-low" amounts or the mediation award to the arbitrators shall render the arbitration agreement voidable by any non-disclosing party.

Honorable City Council:

Re: Resolution Approving an Obsolete Property Rehabilitation Exemption Certificate on behalf of Grand Tributary, LLC in the area of 17411, 17431, 17435 and 17455 Grand River Ave., in Accordance with Public Act 146 of 2000.

On February 18, 2010, a public hearing in connection with the awarding of an

Obsolete Property Rehabilitation Exemption Certificate for the above-captioned property was held before your Honorable Body. All interested persons and organizations were given an opportunity to be heard.

Grand Tributary, LLC has submitted satisfactory evidence that they possess the necessary financial resources required to rehabilitate this property in accordance with Public Act 146 of 2000 ("the Act") and Development Plan for the project.

Inasmuch as no impediments to the approval of an Obsolete Property Rehabilitation Exemption Certificate were presented at the public hearing, we request that you approve the resolution at your next formal session.

Additionally, this resolution is forwarded with the request for a: Waiver of Reconsideration.

Respectfully submitted,  
MARJA M. WINTERS  
Deputy Director

By Council Member Jenkins:

Whereas, Grand Tributary, LLC, has filed with the City Clerk an Application for an Obsolete Property Rehabilitation Exemption Certificate, under Public Act 146 of 2000 ("the Act") in City of Detroit in the manner and form prescribed by the Michigan State Tax Commission; and

Whereas, This City Council is a Qualified Local Governmental Unit as defined by the Act; and

Whereas, This City Council on October 6, 2009 established by Resolution the Obsolete Property Rehabilitation District in the area of 17411, 17431, 17435 and 17455 Grand River Ave., Detroit, Michigan, after a Public Hearing held September 30, 2009, in accordance with the Act; and

Whereas, The Applicant is not delinquent in any taxes related to the facility; and

Whereas, The Application is for obsolete property as that term is defined in Section 2(h) of the Act, which property is owned by the Applicant; and

Whereas, Commencement of the rehabilitation of the subject facility did not occur before the establishment of the Obsolete Property Rehabilitation District; and

Whereas, The Application relates to a rehabilitation program that when completed constitutes a rehabilitated facility within the meaning of the Act and which is situated within the aforesaid City of Detroit Obsolete Property Rehabilitation District; and

Whereas, Completion of the rehabilitation is calculated to, and will at the time the Certificate is issued, have the reasonable likelihood of increasing and/or retaining employment, increasing commercial activity, revitalizing an urban area, or

increasing the number of residents in the community in which the facility is located; and

Whereas, The rehabilitation includes improvements aggregating 10% or more of the true cash value of the property at the commencement of the rehabilitation as provided by Section 2(l) of the Act; and

Whereas, On November 17, 2009, in the City Council Committee Room, 13th Floor, Coleman A. Young Municipal Center, Detroit, Michigan, a public hearing was held on the aforesaid Application, at which time the Applicant, the Assessor, the general public, and representative of the affected taxing units had an opportunity to be heard; and

Whereas, Notice was given by certified mail to the Detroit Board of Education, the City of Detroit Board of Assessors, the Wayne County Board of Commissioners, Wayne County Community College, the Wayne County Intermediate School District, the Huron-Clinton Metropolitan Authority, the Applicant, and by publication to the general public, informing them of the receipt of the Application, the date and location of the Public Hearing, and the opportunity to be heard;

Now Therefore Be It

Resolved, That it is hereby found and determined that the granting of an Obsolete Property Rehabilitation Exemption Certificate, considered together with the taxable value of Obsolete Property Rehabilitation Exemption Certificates and Industrial Facilities Exemption Certificates previously granted and currently in force, will not have the effect of substantially impeding the operation of the local governmental unit or impairing the financial soundness of any other taxing unit which levies an ad valorem property tax with the City of Detroit; and be it further

Re: Request to accept an award from the State of Michigan's Automobile Theft Prevention Authority (ATPA) to participate in the "East Side Action Team" Grant Task Force.

The State of Michigan's Automobile Theft Prevention Authority (ATPA) has awarded a grant to the Detroit Police Department (DPD) in the amount of \$195,510.00 with a 50% cash match (\$97,755.00) for participation on the East Side ACTION Team task force. The mission of the "East Side ACTION Team" is to

reduce automobile theft in the City of Detroit and in its surrounding suburbs. A number of suburban police departments are also a part of this collaboration. It is anticipated that through the increased cooperation between the agencies, this project will be a great success.

The funding will pay 50% of the salaries/wages, and vehicle rental costs for one sergeant and one police officer who will be assigned to the task force. Per Second Deputy Chief Tina Tolliver of Budget Operations, the required \$97,755.00 cash match is available. The Grant Number is G-1-10 and the Appropriation Number for this grant is 13126. The project period is October 1, 2009, to September 30, 2010.

Chief David Hiller, of the Grosse Pointe Police Department, is the overall program coordinator for the "East Side ACTION Team" task force. Lieutenant Marlon Wilson, of the DPD's Investigative Operations, will serve as the project director for the DPD.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the funding and approved participation.

If you have any questions or concerns, regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Honorable City Council:

Re: Establishing separate appropriations for lease and maintenance expenses of Undercover Police Vehicles.

The Detroit Police Department currently satisfies expenditures involving undercover (UC) police vehicles utilizing both its Narcotics (Local Forfeiture) and Secret Service (Special Operations) imprest cash appropriations. The Appropriation Number(s) are 00648 and 00321 respec-

tively. Pursuant to §18-5-53 of Detroit City Ordinance, however:

There shall be established a separate appropriation in each annual budget for the purpose of expenditures for leasing and maintenance [of] undercover police vehicles. This appropriation shall be separate from the special operations imprest cash appropriation. This appropriation shall be subject to all city ordinance requirement and regular finance department rules and regulations.

Establishing separate appropriations for UC vehicles was also recommended by the Auditor General (see Finding Number Seven of the Department's 2008 Special Operations (Secret Service) Imprest Cash Audit).

From 2007 through 2009, an average of \$38,699.00 was spent on maintenance for UC vehicles assigned to Narcotics; an average of \$497,259.00 was spent on leased vehicle expenses (LVE). For the same period, an average of \$34,433.00 was spent on maintenance for UC vehicles assigned to Special Operations, while \$328,018.00 was spent on LVE.

For obvious reasons, covert operations are necessary to ensure effective police services. Accordingly, I request that the Honorable Detroit City Council approve and adopt the enclosed resolution to transfer UC vehicle appropriations, currently maintained in Appropriation Number(s) 00648 and 00321, into separate appropriations as follows:

From	To	Amount
00648 — Narcotics Forfeiture Activity	13071 — Narcotics Forfeiture UCV	\$600,000.00
00321 — Secret Service Fund	13062 — Secret Service UCV	\$400,000.00

Should there be any questions, concerns or comments regarding this matter, please contact me at (313) 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Honorable City Council:

Re: Request to allow Special Response Team Members to purchase obsolete service weapons.

The Special Response Team (SRT) has the responsibility to respond to life-threatening circumstances such as, barricaded gunmen and hostage situations. These individuals are highly trained and are skilled in the use of special equipment and techniques designed to reduce the risk of injury to department personnel and citizens in dangerous situations.

Approximately 23 years ago, the Detroit Police Department purchased Model P-7 Heckler & Koch .9-mm semi-automatic pistols for the SRT use. Because extraordinary proficiency with firearms is critical, SRT members fire thousands of rounds each year during practice and qualification. Consequently, over the years, tens of thousands of rounds have been fired through these weapons and as a result, the weapons are no longer suitable for service as SRT weapons. The SRT is in a unique situation because the number of rounds fired by other members of the Department is infinitesimal in comparison to the SRT. Department service weapons normally last the member's entire career and is provided to them, without cost, upon retirement. Moreover, firearm technology has advanced since the time these "first-generation" firearms were obtained and the SRT members currently carry Sigsauger Blackwater rather than Heckler & Koch handguns. I am informed that the practice has been to sell excess weapons to a wholesaler.

The Department presently has approximately 30 of these weapons which, as stated above, are not in use. In light of the number of weapons and the small number of department members involved, I would like to accommodate requests that I have received to allow the SRT members the

opportunity to purchase their previously assigned Model P-7 Heckler & Koch weapon. If approved, the transfer of ownership and registration will be done in strict compliance with legal requirements. The purchase price will be determined by contacting firearm wholesalers to determine the amount the Department would receive if sold in that matter.

I have enclosed an appropriate resolution for your Honorable Body's approval or denial, and I appreciate your consideration of this request. Should you have any questions regarding this matter, please contact Second Deputy Chief Micheal J. Falvo, of Legal Advisor, at (313) 596-2158, Monday through Friday, 8:00 a.m. to 4:00 p.m.

#### STATEMENT FROM DETROIT CITY COUNCIL PRESIDENT PRO-TEM GARY A. BROWN REGARDING YES VOTE ON THE SEXUALLY-ORIENTED BUSINESS ORDINANCES

I have taken the steps in the past several weeks and even before I came into office to research at great lengths all current and potential regulations for sexually-oriented businesses. Throughout this process, my primary focus was to make any decision based on Detroiters as a whole, not one group. These deliberations took into account recommendations from the City of Detroit Law Department, the Detroit Police Department (DPD) and the Planning Commission, along with comments from the residents and business owners. I take my role as Council President Pro Tem. very seriously in my legislative responsibility for Detroit citizens.

Today I voted to approve new zoning and licensing ordinances for sexually-orientated businesses that allow for stricter and enforceable regulations while also respecting a sexually-oriented business' (e.g., strip club) right to operate in our city and state. Here are the key features of the new ordinance that will take effect on April 1, 2010:

- New sexually-oriented establishments will be allowed to exist only in industrial areas and at least 1,000 feet from schools and churches;
- Current establishments will not be allowed to expand;
- All employees will be licensed after passing a background check that protects patrons and the other employees from sexual predators;
- The performing must take place in a 600-square foot room;
- There must be an 18-inch high stage and the dancers can only perform on stage and not near the patrons; and
- The ordinance eliminates VIP rooms, which have historically become a health hazard.

Many have referenced the data from other cities that have either very strict regulations or banned strip clubs altogether. These cities are much different than Detroit, and we have to consider our state laws. Thus, I have based my decisions on the rule of law and the needs of our City.

Despite the negative impact on the community from a fiscal standpoint, the unintended consequences of driving adult entertainment underground would be too much to bear. As such, there are a number of factors why I did not support placing an alcohol ban in the ordinances.

An alcohol ban at these types of establishments would very likely increase after hours clubs which are harder for DPD to enforce. Allowing the establishments to continue to have liquor licenses gives the DPD greater power to regulate the establishments, including going into any area of their buildings without notice and without a warrant. Furthermore, it is unconstitutional to single out one group of businesses.

If we were to place an alcohol ban, the business owners would likely sue on the basis that the alcohol ban was an unconstitutional taking of their property and the City could be liable for a substantial amount of financial damages to every establishment in the City. The City cannot afford these types of lawsuits.

We can recall from history that banning alcohol in the United States during prohibition in the 1920s created significantly more crime. In fact statistics show that crime increased 300-percent through bootlegging whereby thousands of people were killed and there were not enough police officers to handle the situation. It was discovered that prohibition did not eliminate drinking, but drove drinking underground. Again, if we were to have banned alcohol at the sexually-orientated businesses, it would likely cause a great increase in after hours clubs that are much harder to enforce and also likely increase criminal sexual activity including those with minors.

Couple this with the loss of jobs and revenue to the city; it does not make any sense to close these businesses. We have crafted an ordinance that deals with public health and safety issues within the sexually-oriented business. The issues originating outside the club that concern the neighbors are real and I understand that. These issues must be handled through law enforcement with laws that are currently on the books.

Additionally, it was also suggested that we close down the sexually-orientated businesses altogether or move them to a district. This would cost the City of Detroit millions of dollars. Recent court cases show that in order for city government to close down these types of establishments legally, the city agency must buy them out.

I do believe the majority of residents

would like these stricter regulations we instituted today while also allowing these establishments the freedom to operate and their customers the freedom to patronize them. These establishments through property and income taxes provide millions of dollars in revenue to the City of Detroit. The decision to craft these ordinances and vote yes on them today addresses the need for stricter enforcement and meets a court order deadline of March 31.

Now we as Detroit City Council can focus our attention more squarely on the budget issues that affect the entire city along with public safety and education.

**STATEMENT ON ORDINANCES  
REGULATING STRIP CLUBS  
BY COUNCILMAN**

**KENNETH V. COCKREL, JR.**

February 24, 2010

Yesterday I joined with the majority of my colleagues in voting to pass a series of ordinances which regulate the zoning and licensing of strip clubs.

Key among the ordinances which regulate licensing are provisions which require that all employees of strip clubs be licensed. This is key because it will call for police background checks of all employees, not just dancers. Another provision calls for the elimination of VIP rooms. It is a known fact that sexual activity often takes place in the VIP rooms of some strip clubs who flaunt the law.

Some religious leaders have been lobbying for dramatic reforms in strip club laws claiming that the "secondary effects" i.e. loud noise, fights, drinking in parking lots of these businesses often disrupt the quality of life in neighboring residential areas.

In fact, some have said that the council ordinances don't go far enough. They feel that council should have adopted an earlier version of the law which would have banned the sale of alcohol in all strip clubs. However, it is inevitable that Detroit would have faced multiple costly lawsuits from club owners who would make the legal argument that by banning alcohol sales we'd be voiding their liquor licenses and thereby effectively condemning their businesses.

Of course, it's also possible that the ordinances council did pass will still be challenged in court by club owners who fought against them. However, I believe the language council approved strikes the appropriate balance between being too severe and tough enough to make an important difference.

**STATEMENT BY COUNCIL MEMBER  
SAUNTEEL JENKINS REGARDING YES  
VOTE ON SEXUALLY ORIENTED  
BUSINESS ZONING AND LICENSING  
REGULATIONS**

Today was an important vote. It was not

an easy decision. Yet, it was a decision that was made in light of all of the facts and in the best interest of the City of Detroit. As City Council Members, we have a fiduciary duty to make tough decisions that set effective public policy.

In order to do this, we must weigh the facts completely and make a determination based on the law and what works best socially and economically for our unique City. The previous City Council had been deliberating since 2006 on the regulation of sexually oriented businesses. Since that time, the City has lost several lawsuits because our zoning and licensing ordinances were not objective and unenforceable. However, I have spent a great deal of time and energy deliberating. Specifically, I have researched and evaluated legal information, reports and statistics supporting both sides of the issues. Based on the facts, I, along with my colleagues have done what we believe will correct the problem.

Now, we have a stronger zoning ordinance which mandates that new sexually oriented businesses locate in industrial areas at least 1000 feet away from schools and churches. We have a new licensing ordinance that prohibits private VIP rooms and requires semi nude dancers to be on a fixed stage, 18 inches above the ground. With the exception of bathroom attendants, valet staff, and individuals that are making repairs or delivering goods, each individual employed at these businesses must be licensed and pass a background check. These are stronger regulations on sexually oriented businesses. However, they are not so stringent that they will put them out of business and potentially eliminate nearly 7,000 jobs in the City of Detroit when the unemployment rate is estimated at close to 50%.

I am confident that today's decision resulted in a workable solution for everyone. Now that this current City Council has made the difficult decision that had been unreasonably delayed in the past, we can adjust accordingly. We can move on to effectively address increased blight, youth violence, a looming deficit, joblessness, homelessness and various other issues that plague our great City. I hope that these other very important issues generate the same level of public input and debate as the issue of regulating sexually oriented businesses.

**STATEMENT ON  
SEXUALLY ORIENTED BUSINESSES  
BY COUNCILMAN ANDRE L. SPIVEY  
February 23, 2010**

On Tuesday, February 23, 2010 the Detroit City Council voted to amend Chapter 5 of the 1984 Detroit City code to reverse various regulations, definitions, and procedures specific to the adult

entertainment industry. These changes include eliminating VIP rooms in the clubs, a requirement that all employees must obtain a city issued license, and mandating that entertainers only perform on an 18-inch stage. All newly built establishments will be required to obey the adopted zoning ordinance forcing all sexually oriented businesses into an industrial area and maintaining a distance of 1,000 feet from other adult establishments, churches, or schools.

My position on these amendments is one of support. I want to stress that I do not support the adult entertainment industry. It is not my desire to promote behavior that leads to inappropriate contact and disrespect to women and men.

What I do support is protecting our police officers; innocent homeowners who reside near these establishments, and making sure that all those who visit, work, and live in the City of Detroit are properly protected.

I received a great deal of criticism for my position not to include a ban on alcohol. During our council deliberations I spoke with many people, on both sides of the issue. I discovered that liquor licenses are a valuable commodity that business owners want to maintain. The liquor control commission regulates this type of license and it can serve as leverage for law enforcement to better regulate businesses. Police can search and inspect facilities that hold these precious licenses without any notice. If we were to remove this important tool, what incentive would the club owners have to operate above board?

If we were to accept the proposal as written by Scott Berghold, who was hired by the previous City Council, I believe our city would face an increase in criminal activity. In 1932, prohibition was tried in America and it did not work. People continued to drink and underground activities were at an all-time high. With voting on all points in the proposed ordinance, it would be harder for us to police these adult oriented establishments and protect our citizens. If these activities were to move underground young girls would be at a greater risk for engaging in sexually charged behaviors and minors would be able to enter into these unregulated facilities.

This issue has ignited a fire under our city residents. I want to commend those in the community for standing up for what they believe. The religious community and those who work in the adult entertainment industry have spoken and I want to let each group know that your voices were heard.

I want us to take the energy that we all have shown over the past weeks and join together. For there will be more important issues that we will have to face in the near

future. With the cooperation of our police department, the adult entertainment industry, and the community we can clean up the strip club industry by better enforcing the laws that this council has set. Let us unite together to make our city a safer place to live.

**STATEMENT BY COUNCIL MEMBER  
JAMES TATE REGARDING YES VOTE  
ON SEXUALLY ORIENTED BUSINESS  
ZONING AND LICENSING  
REGULATIONS**

The ordinances increasing regulations on sexually oriented businesses that the Detroit City Council passed on February 23, 2010 is significant for a number of reasons. First, it is important to note that critical portions of the City of Detroit's previous ordinances regulating adult cabarets (or sexually oriented businesses) were ruled unconstitutional by a federal court. The City has been under a court order since 2007 to revise these ordinances and make them legal. Further violation of the court order would expose the City to additional costly litigation and potential punitive measures by the court.

After nearly three years of legal analysis, legislative deliberation and public hearings, City Council has now enacted legislation that regulates the zoning and licensing of adult cabarets in a manner that is legal and in the best interest of the City. I am pleased that the majority of my City Council colleagues (6-3) agreed with my vote to approve the proposed ordinances which significantly increased the regulation of sexually oriented businesses. In fact, the ordinances that were passed by Council on February 23, 2010 are the most rigorous regulations ever legislated by City Council.

Adult cabarets have been in existence in Detroit for well over 40 years. Most came into existence before the City had zoning regulations that controlled where adult cabarets could be located. As a result, a number of the cabarets were established near neighborhoods, churches and schools.

In 1972, there were approximately 95 adult cabarets in the City of Detroit. Today, there are 40. Approximately 33 of these establishments are "actively" doing business.

The matter of adult cabarets in Detroit has often flared into heated debate over the years. Some residents feel that these businesses are magnets for depravity and deteriorate the quality of life in our community. Others have stated that consenting adults should have a right to engage in whatever form of legal entertainment they choose without interference from anyone else. My job as a legislator is to create lawful public policy that is in the best interests of all city residents. I am confident that the ordinances that I

approved satisfies that requirement. Below are highlights of the changes that will take affect on April 1, 2010 for all sexually oriented businesses:

- The establishment of new adult cabarets is restricted to land zoned for "industrial" use, thus segregating them from residential areas and from sensitive areas like parks, playgrounds, churches and schools. The zoning ordinance creates a buffer to protect and stabilize neighborhoods and guard against the over-concentration of the establishments that can diminish property values. Plain and simple... this regulation bans any new strip clubs from opening in our neighborhoods.

- Eliminates the so called private "VIP Rooms" which is where the most illicit criminal activity tends to occur at some of these establishments.

- Requires all topless dancers to remain on a fixed stage, elevated at least 18 inches from the floor. This new regulation makes it easier for police to enforce a "no-touch" rule that prohibits touching between the dancers and the patrons (including "lap dances").

- Requires all employees of an adult cabaret to be licensed (this includes dancers, DJs, managers, bouncers, waitresses, etc.).

- Prohibits individuals who have been convicted of certain felonies from working in adult cabarets where less than 5 years have elapsed since the conviction.

Some have expressed the opinion that the new regulations should have also included a ban on alcohol at these establishments. In consulting with several experts and attorneys such a ban was deemed inadvisable considering the certainty of extremely costly and protracted lawsuits by the adult cabarets that would follow such a decision. At a time where the City is facing a budget deficit in of more than \$300 million, city worker salary and benefit reductions, and potential layoffs, it is clear that the City can not afford to expend its limited resources on lawsuits that can be avoided.

With the controversial vote on sexually oriented businesses now finally settled, it is my hope that residents on both sides of the debate push aside their differences and work collaboratively to address the considerable challenges that our city faces. As a member of the city's legislative body, I pledge to continue to ensure that the best interests of Detroiters remain a priority of the City Council.

STATEMENT FROM DETROIT CITY  
COUNCIL MEMBER GARY A. BROWN  
REGARDING YES VOTE ON THE  
SEXUALLY-ORIENTED BUSINESS  
ORDINANCES

I have taken the steps in the past several weeks and even before I came into office to research at great lengths all current and potential regulations for sexually-oriented businesses. Throughout this process, my primary focus was to make any decision based on Detroiters as a whole, not one group. These deliberations took into account recommendations from the City of Detroit Law Department, the Detroit Police Department (DPD) and the Planning Commission, along with comments from the residents and business owners. I take my role as Council President Pro Tem. very seriously in my legislative responsibility for Detroit citizens.

Today I voted to approve new zoning and licensing ordinances for sexually-orientated businesses that allow for stricter and enforceable regulations while also respecting a sexually-oriented business' (e.g., strip club) right to operate in our city and state. Here are the key features of the new ordinance that will take effect on April 1, 2010:

- New sexually-oriented establishments will be allowed to exist only in industrial areas and at least 1,000 feet from schools and churches;
- Current establishments will not be allowed to expand;
- All employees will be licensed after passing a background check that protects patrons and the other employees from sexual predators;
- The performing must take place in a 600-square foot room;
- There must be an 18-inch high stage and the dancers can only perform on stage and not near the patrons; and
- The ordinance eliminates VIP rooms, which have historically become a health hazard.

Many have referenced the data from other cities that have either very strict regulations or banned strip clubs altogether. These cities are much different than Detroit, and we have to consider our state laws. Thus, I have based my decisions on the rule of law and the needs of our City.

Despite the negative impact on the community from a fiscal standpoint, the unintended consequences of driving adult entertainment underground would be too much to bear. As such, there are a number of factors why I did not support placing an alcohol ban in the ordinances.

An alcohol ban at these types of establishments would very likely increase after hours clubs which are harder for DPD to enforce. Allowing the establishments to continue to have liquor licenses gives the DPD greater power to regulate the establishments, including going into any area of their buildings without notice and without a

warrant. Furthermore, it is unconstitutional to single out one group of businesses.

If we were to place an alcohol ban, the business owners would likely sue on the basis that the alcohol ban was an unconstitutional taking of their property and the City could be liable for a substantial amount of financial damages to every establishment in the City. The City cannot afford these types of lawsuits.

We can recall from history that banning alcohol in the United States during prohibition in the 1920s created significantly more crime. In fact statistics show that crime increased 300-percent through bootlegging whereby thousands of people were killed and there were not enough police officers to handle the situation. It was discovered that prohibition did not eliminate drinking, but drove drinking underground. Again, if we were to have banned alcohol at the sexually-orientated businesses, it would likely cause a great increase in after hours clubs that are much harder to enforce and also likely increase criminal sexual activity including those with minors.

Couple this with the loss of jobs and revenue to the city; it does not make any sense to close these businesses. We have crafted an ordinance that deals with public health and safety issues within the sexually-oriented business. The issues originating outside the club that concern the neighbors are real and I understand that. These issues must be handled through law enforcement with laws that are currently on the books.

Additionally, it was also suggested that we close down the sexually-orientated businesses altogether or move them to a district. This would cost the City of Detroit millions of dollars. Recent court cases show that in order for city government to close down these types of establishments legally, the city agency must buy them out.

I do believe the majority of residents would like these stricter regulations we instituted today while also allowing these establishments the freedom to operate and their customers the freedom to patronize them. These establishments through property and income taxes provide millions of dollars in revenue to the City of Detroit. The decision to craft these ordinances and vote yes on them today addresses the need for stricter enforcement and meets a court order deadline of March 31.

Now we as Detroit City Council can focus our attention more squarely on the budget issues that affect the entire city along with public safety and education.

STATEMENT ON ORDINANCES  
REGULATING STRIP CLUBS  
BY COUNCILMAN  
KENNETH V. COCKREL, JR.

February 24, 2010

Yesterday I joined with the majority of

my colleagues in voting to pass a series of ordinances which regulate the zoning and licensing of strip clubs.

Key among the ordinances which regulate licensing are provisions which require that all employees of strip clubs be licensed. This is key because it will call for police background checks of all employees, not just dancers. Another provision calls for the elimination of VIP rooms. It is a known fact that sexual activity often takes place in the VIP rooms of some strip clubs who flaunt the law.

Some religious leaders have been lobbying for dramatic reforms in strip club laws claiming that the "secondary effects" i.e. loud noise, fights, drinking in parking lots of these businesses often disrupt the quality of life in neighboring residential areas.

In fact, some have said that the council ordinances don't go far enough. They feel that council should have adopted an earlier version of the law which would have banned the sale of alcohol in all strip clubs. However, it is inevitable that Detroit would have faced multiple costly lawsuits from club owners who would make the legal argument that by banning alcohol sales we'd be voiding their liquor licenses and thereby effectively condemning their businesses.

Of course, it's also possible that the ordinances council did pass will still be challenged in court by club owners who fought against them. However, I believe the language council approved strikes the appropriate balance between being too severe and tough enough to make an important difference.

**STATEMENT BY COUNCIL MEMBER  
SAUNTEEL JENKINS REGARDING YES  
VOTE ON SEXUALLY ORIENTED  
BUSINESS ZONING AND LICENSING  
REGULATIONS**

Today was an important vote. It was not an easy decision. Yet, it was a decision that was made in light of all of the facts and in the best interest of the City of Detroit. As City Council Members, we have a fiduciary duty to make tough decisions that set effective public policy.

In order to do this, we must weigh the facts completely and make a determination based on the law and what works best socially and economically for our unique City. The previous City Council had been deliberating since 2006 on the regulation of sexually oriented businesses. Since that time, the City has lost several lawsuits because our zoning and licensing ordinances were not objective and unenforceable. However, I have spent a great deal of time and energy deliberating. Specifically, I have researched and evaluated legal information, reports and statistics supporting both sides of the issues. Based on the facts, I, along with

my colleagues have done what we believe will correct the problem.

Now, we have a stronger zoning ordinance which mandates that new sexually oriented businesses locate in industrial areas at least 1000 feet away from schools and churches. We have a new licensing ordinance that prohibits private VIP rooms and requires semi nude dancers to be on a fixed stage, 18 inches above the ground. With the exception of bathroom attendants, valet staff, and individuals that are making repairs or delivering goods, each individual employed at these businesses must be licensed and pass a background check. These are stronger regulations on sexually oriented businesses. However, they are not so stringent that they will put them out of business and potentially eliminate nearly 7,000 jobs in the City of Detroit when the unemployment rate is estimated at close to 50%.

I am confident that today's decision resulted in a workable solution for everyone. Now that this current City Council has made the difficult decision that had been unreasonably delayed in the past, we can adjust accordingly. We can move on to effectively address increased blight, youth violence, a looming deficit, joblessness, homelessness and various other issues that plague our great City. I hope that these other very important issues generate the same level of public input and debate as the issue of regulating sexually oriented businesses.

**STATEMENT ON  
SEXUALLY ORIENTED BUSINESSES  
BY COUNCILMAN ANDRE L. SPIVEY**

February 23, 2010

On Tuesday, February 23, 2010 the Detroit City Council voted to amend Chapter 5 of the 1984 Detroit City code to reverse various regulations, definitions, and procedures specific to the adult entertainment industry. These changes include eliminating VIP rooms in the clubs, a requirement that all employees must obtain a city issued license, and mandating that entertainers only perform on an 18-inch stage. All newly built establishments will be required to obey the adopted zoning ordinance forcing all sexually oriented businesses into an industrial area and maintaining a distance of 1,000 feet from other adult establishments, churches, or schools.

My position on these amendments is one of support. I want to stress that I do not support the adult entertainment industry. It is not my desire to promote behavior that leads to inappropriate contact and disrespect to women and men.

What I do support is protecting our police officers; innocent homeowners who reside near these establishments, and making sure that all those who visit, work,

and live in the City of Detroit are properly protected.

I received a great deal of criticism for my position not to include a ban on alcohol. During our council deliberations I spoke with many people, on both sides of the issue. I discovered that liquor licenses are a valuable commodity that business owners want to maintain. The liquor control commission regulates this type of license and it can serve as leverage for law enforcement to better regulate businesses. Police can search and inspect facilities that hold these precious licenses without any notice. If we were to remove this important tool, what incentive would the club owners have to operate above board?

If we were to accept the proposal as written by Scott Berghold, who was hired by the previous City Council, I believe our city would face an increase in criminal activity. In 1932, prohibition was tried in America and it did not work. People continued to drink and underground activities were at an all-time high. With voting on all points in the proposed ordinance, it would be harder for us to police these adult oriented establishments and protect our citizens. If these activities were to move underground young girls would be at a greater risk for engaging in sexually charged behaviors and minors would be able to enter into these unregulated facilities.

This issue has ignited a fire under our city residents. I want to commend those in the community for standing up for what they believe. The religious community and those who work in the adult entertainment industry have spoken and I want to let each group know that your voices were heard.

I want us to take the energy that we all have shown over the past weeks and join together. For there will be more important issues that we will have to face in the near future. With the cooperation of our police department, the adult entertainment industry, and the community we can clean up the strip club industry by better enforcing the laws that this council has set. Let us unite together to make our city a safer place to live.

STATEMENT BY COUNCIL MEMBER  
JAMES TATE REGARDING YES VOTE  
ON SEXUALLY ORIENTED BUSINESS  
ZONING AND LICENSING  
REGULATIONS

The ordinances increasing regulations on sexually oriented businesses that the Detroit City Council passed on February 23, 2009 is significant for a number of reasons. First, it is important to note that critical portions of the City of Detroit's previous ordinances regulating adult cabarets (or sexually oriented businesses) were ruled unconstitutional by a federal court. The City has been under a court order since 2007 to revise these ordinances and make them legal. Further violation of the court order would expose the City to

additional costly litigation and potential punitive measures by the court.

After nearly three years of legal analysis, legislative deliberation and public hearings, City Council has now enacted legislation that regulates the zoning and licensing of adult cabarets in a manner that is legal and in the best interest of the City. I am pleased that the majority of my City Council colleagues (6-3) agreed with my vote to approve the proposed ordinances which significantly increased the regulation of sexually oriented businesses. In fact, the ordinances that were passed by Council on February 23, 2009 are the most rigorous regulations ever legislated by City Council.

Adult cabarets have been in existence in Detroit for well over 40 years. Most came into existence before the City had zoning regulations that controlled where adult cabarets could be located. As a result, a number of the cabarets were established near neighborhoods, churches and schools.

In 1972, there were approximately 95 adult cabarets in the City of Detroit. Today, there are 40. Approximately 33 of these establishments are "actively" doing business.

The matter of adult cabarets in Detroit has often flared into heated debate over the years. Some residents feel that these businesses are magnets for depravity and deteriorate the quality of life in our community. Others have stated that consenting adults should have a right to engage in whatever form of legal entertainment they choose without interference from anyone else. My job as a legislator is to create lawful public policy that is in the best interests of all city residents. I am confident that the ordinances that I approved satisfies that requirement. Below are highlights of the changes that will take affect on April 1, 2010 for all sexually oriented businesses:

- The establishment of new adult cabarets is restricted to land zoned for "industrial" use, thus segregating them from residential areas and from sensitive areas like parks, playgrounds, churches and schools. The zoning ordinance creates a buffer to protect and stabilize neighborhoods and guard against the over-concentration of the establishments that can diminish property values. Plain and simple... this regulation bans any new strip clubs from opening in our neighborhoods.

- Eliminates the so called private "VIP Rooms" which is where the most illicit criminal activity tends to occur at some of these establishments.

- Requires all toppers dancers to remain on a fixed stage, elevated at least 18 inches from the floor. This new regulation makes it easier for police to enforce a "no-touch" rule that prohibits touching between the dancers and the patrons (including "lap dances").

- Requires all employees of an adult cabaret to be licensed (this includes dancers, DJs, managers, bouncers, waitresses, etc.).

- Prohibits individuals who have been convicted of certain felonies from working in adult cabarets where less than 5 years have elapsed since the conviction.

Some have expressed the opinion that the new regulations should have also included a ban on alcohol at these establishments. In consulting with several experts and attorneys such a ban was deemed inadvisable considering the certainty of extremely costly and protracted lawsuits by the adult cabarets that would follow such a decision. At a time where the City is facing a budget deficit in of more than \$300 million, city worker salary and benefit reductions, and potential layoffs, it is clear that the City can not afford to expend its limited resources on lawsuits that can be avoided.

With the controversial vote on sexually oriented businesses now finally settled, it is my hope that residents on both sides of the debate push aside their differences and work collaboratively to address the considerable challenges that our city faces. As a member of the city's legislative body, I pledge to continue to ensure that the best interests of Detroiters remain a priority of the City Council.

They feel that council should have adopted an earlier version of the law which would have banned the sale of alcohol in all strip clubs. However, it is inevitable that Detroit would have faced multiple costly lawsuits from club owners who would make the legal argument that by banning alcohol sales we'd be voiding their liquor licenses and thereby effectively condemning their businesses.

Of course, it's also possible that the ordinances council did pass will still be challenged in court by club owners who fought against them. However, I believe the language council approved strikes the appropriate balance between being too severe and tough enough to make an important difference.

**STATEMENT BY COUNCIL MEMBER  
SAUNTEEL JENKINS REGARDING YES  
VOTE ON SEXUALLY ORIENTED  
BUSINESS ZONING AND LICENSING  
REGULATIONS**

Today was an important vote. It was not an easy decision. Yet, it was a decision that was made in light of all of the facts and in the best interest of the City of Detroit. As City Council Members, we have a fiduciary duty to make tough decisions that set effective public policy.

In order to do this, we must weigh the facts completely and make a determination based on the law and what works best socially and economically for our unique City. The previous City Council had been deliberating since 2006 on the regulation of sexually oriented businesses. Since that time, the City has lost several lawsuits because our zoning and licensing ordinances were not objective and unenforceable. However, I have spent a great deal of time and energy deliberating. Specifically, I have researched and evaluated legal information, reports and statistics supporting both sides of the issues. Based on the facts, I, along with my colleagues have done what we believe will correct the problem.

Now, we have a stronger zoning ordinance which mandates that new sexually

oriented businesses locate in industrial areas at least 1000 feet away from schools and churches. We have a new licensing ordinance that prohibits private VIP rooms and requires semi nude dancers to be on a fixed stage, 18 inches above the ground. With the exception of bathroom attendants, valet staff, and individuals that are making repairs or delivering goods, each individual employed at these businesses must be licensed and pass a background check. These are stronger regulations on sexually oriented businesses. However, they are not so stringent that they will put them out of business and potentially eliminate nearly 7,000 jobs in the City of Detroit when the unemployment rate is estimated at close to 50%.

I am confident that today's decision resulted in a workable solution for everyone. Now that this current City Council has made the difficult decision that had been unreasonably delayed in the past, we can adjust accordingly. We can move on to effectively address increased blight, youth violence, a looming deficit, joblessness, homelessness and various other issues that plague our great City. I hope that these other very important issues generate the same level of public input and debate as the issue of regulating sexually oriented businesses.

STATEMENT ON  
SEXUALLY ORIENTED BUSINESSES  
BY COUNCILMAN ANDRE L. SPIVEY  
February 23, 2010

On Tuesday, February 23, 2010 the Detroit City Council voted to amend Chapter 5 of the 1984 Detroit City code to reverse various regulations, definitions, and procedures specific to the adult entertainment industry. These changes include eliminating VIP rooms in the clubs, a requirement that all employees must obtain a city issued license, and mandating that entertainers only perform on an 18-inch stage. All newly built establishments will be required to obey the adopted zoning ordinance forcing all sexually oriented businesses into an industrial area and maintaining a distance of 1,000 feet from other adult establishments, churches, or schools.

My position on these amendments is one of support. I want to stress that I do not support the adult entertainment industry. It is not my desire to promote behavior that leads to inappropriate contact and disrespect to women and men.

What I do support is protecting our police officers; innocent homeowners who reside near these establishments, and making sure that all those who visit, work, and live in the City of Detroit are properly protected.

I received a great deal of criticism for my position not to include a ban on alcohol. During our council deliberations I

spoke with many people, on both sides of the issue. I discovered that liquor licenses are a valuable commodity that business owners want to maintain. The liquor control commission regulates this type of license and it can serve as leverage for law enforcement to better regulate businesses. Police can search and inspect facilities that hold these precious licenses without any notice. If we were to remove this important tool, what incentive would the club owners have to operate above board?

If we were to accept the proposal as written by Scott Bergthold, who was hired by the previous City Council, I believe our city would face an increase in criminal activity. In 1932, prohibition was tried in America and it did not work. People continued to drink and underground activities were at an all-time high. With voting on all points in the proposed ordinance, it would be harder for us to police these adult oriented establishments and protect our citizens. If these activities were to move underground young girls would be at a greater risk for engaging in sexually charged behaviors and minors would be able to enter into these unregulated facilities.

This issue has ignited a fire under our city residents. I want to commend those in the community for standing up for what they believe. The religious community and those who work in the adult entertainment industry have spoken and I want to let each group know that your voices were heard.

I want us to take the energy that we all have shown over the past weeks and join together. For there will be more important issues that we will have to face in the near future. With the cooperation of our police department, the adult entertainment industry, and the community we can clean up the strip club industry by better enforcing the laws that this council has set. Let us unite together to make our city a safer place to live.

STATEMENT BY COUNCIL MEMBER  
JAMES TATE REGARDING YES VOTE  
ON SEXUALLY ORIENTED BUSINESS  
ZONING AND LICENSING  
REGULATIONS

The ordinances increasing regulations on sexually oriented businesses that the Detroit City Council passed on February 23, 2009 is significant for a number of reasons. First, it is important to note that critical portions of the City of Detroit's previous ordinances regulating adult cabarets (or sexually oriented businesses) were ruled unconstitutional by a federal court. The City has been under a court order since 2007 to revise these ordinances and make them legal. Further violation of the court order would expose the City to additional costly litigation and potential punitive measures by the court.

After nearly three years of legal analysis, legislative deliberation and public hearings, City Council has now enacted legislation that regulates the zoning and licensing of adult cabarets in a manner that is legal and in the best interest of the City. I am pleased that the majority of my City Council colleagues (6-3) agreed with my vote to approve the proposed ordinances which significantly increased the regulation of sexually oriented businesses. In fact, the ordinances that were passed by Council on February 23, 2009 are the most rigorous regulations ever legislated by City Council.

Adult cabarets have been in existence in Detroit for well over 40 years. Most came into existence before the City had zoning regulations that controlled where adult cabarets could be located. As a result, a number of the cabarets were established near neighborhoods, churches and schools.

In 1972, there were approximately 95 adult cabarets in the City of Detroit. Today, there are 40. Approximately 33 of these establishments are "actively" doing business.

The matter of adult cabarets in Detroit has often flared into heated debate over the years. Some residents feel that these businesses are magnets for depravity and deteriorate the quality of life in our community. Others have stated that consenting adults should have a right to engage in whatever form of legal entertainment they choose without interference from anyone else. My job as a legislator is to create lawful public policy that is in the best interests of all city residents. I am confident that the ordinances that I approved satisfies that requirement. Below are highlights of the changes that will take affect on April 1, 2010 for all sexually oriented businesses:

- The establishment of new adult cabarets is restricted to land zoned for "industrial" use, thus segregating them from residential areas and from sensitive areas like parks, playgrounds, churches and schools. The zoning ordinance creates a buffer to protect and stabilize neighborhoods and guard against the over-concentration of the establishments that can diminish property values. Plain and simple... this regulation bans any new strip clubs from opening in our neighborhoods.

- Eliminates the so called private "VIP Rooms" which is where the most illicit criminal activity tends to occur at some of these establishments.

- Requires all topless dancers to remain on a fixed stage, elevated at least 18 inches from the floor. This new regulation makes it easier for police to enforce a "no-touch" rule that prohibits touching between the dancers and the patrons (including "lap dances").

- Requires all employees of an adult

cabaret to be licensed (this includes dancers, DJs, managers, bouncers, waitresses, etc.).

- Prohibits individuals who have been convicted of certain felonies from working in adult cabarets where less than 5 years have elapsed since the conviction.

Some have expressed the opinion that the new regulations should have also included a ban on alcohol at these establishments. In consulting with several experts and attorneys such a ban was deemed inadvisable considering the certainty of extremely costly and protracted lawsuits by the adult cabarets that would follow such a decision. At a time where the City is facing a budget deficit in of more than \$300 million, city worker salary and benefit reductions, and potential layoffs, it is clear that the City can not afford to expend its limited resources on lawsuits that can be avoided.

With the controversial vote on sexually oriented businesses now finally settled, it is my hope that residents on both sides of the debate push aside their differences and work collaboratively to address the considerable challenges that our city faces. As a member of the city's legislative body, I pledge to continue to ensure that the best interests of Detroiters remain a priority of the City Council.

Such a request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular

Record Date by subsequent written notice to the Master Trustee.

(e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Master Trustee (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Master Trustee, or may be paid at any time in any other lawful manner. The Master Trustee shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(f) The principal of the Bonds shall be payable to the Owners of the Bonds at the principal corporate trust office of the Master Trustee.

(g) The Bonds shall be subject to redemption and/or tender for purchase prior to maturity upon such terms and conditions as shall be determined by the Finance Director in the Sale Order.

Unless waived by any registered owner of Bonds to be redeemed, official notice of redemption shall be given by the Bond Registrar and Master Trustee on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates, CUSIP numbers, if any; certificate numbers, and in the case of partial redemption, the called amounts of each certificate; the redemption date; the redemption price or premium; the place where Bonds called for redemption are to be surrendered for payment; and that interest on Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Bond Registrar and Master Trustee in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall be determined by the Finance Director at the time of sale thereof, and the final maturity dates for the Bonds shall not be later than 30 years from their dated date of such lesser period of years as permitted by the Code with respect to Bonds issued on a tax-exempt basis.

(2) The compensation to be paid to the Underwriters of each series of the Bonds shall not exceed 2% of the original principal amount of the related series of Bonds.

(3) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds the amount of any original issue discount with respect to each series of the Bonds shall not exceed 10% of the original principal amount of the related series of Bonds.

(4) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director; provided that the principal amount of each series of the Bonds shall not exceed the Maximum Aggregate Principal Amount of Bonds authorized under this Resolution and the Administrative Board Order.

(5) To the extent permitted by the Code and if multiple series of bonds are issued, the Finance Director is authorized to allocate costs of issuance among the series of Bonds in a manner which is in the best economic interest of the City.

Section 303. Execution, Authentication and Delivery of Bonds. The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director or an authorized representative of the Master Trustee and the sale of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price. Additional Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director and upon which the seal of the City (or a facsimile thereof) is impressed or imprinted may be delivered to the Bond Registrar and Master Trustee for authentication and delivery in connection with the exchange or transfer of Bonds. The Bond Registrar and Master Trustee shall indicate on each Bond the date of its authentication.

Section 304. Authentication of the Bonds. (a) No Bond shall be entitled to any benefit under this Resolution or be valid or obligatory for any purpose unless there appears on such Bond a Certificate of Authentication substantially in the form provided for in Section 307 of this Resolution, executed by the manual or facsimile signature of the Finance Director or by an authorized signatory of the Master Trustee by manual signature, and such certificate upon any Bond shall be conclusive evidence, and the only evidence, that such Bond has been duly authenticated and delivered hereunder.

(b) The Master Trustee shall manually

execute the Certificate of Authentication on each Bond upon receipt of a written direction of the Finance Director of the City to authenticate such Bond.

Section 305. Transfer of Registration and Exchanges. (a) The registration of each Bond is transferable only upon the Bond Registry by the Registered Owner thereof, or by his attorney duly authorized in writing, upon the presentation and surrender thereof at the designated corporate trust office of the Master Trustee together with a written instrument of transfer satisfactory to the Master Trustee, duly executed by the Registered Owner thereof or his attorney duly authorized in writing, and thereupon one or more fully executed and authenticated Bonds in any authorized denominations of like maturity and tenor, in equal aggregate principal amount shall be issued to the transferee in exchange thereof.

(b) Each Bond may be exchanged for one or more Bonds in equal aggregate principal amount of like maturity and tenor in one or more authorized denominations, upon the presentation and surrender thereof at the principal corporate trust office of the Master Trustee together with a written instrument of transfer satisfactory to the Master Trustee, duly executed by the Registered Owner hereof or his attorney duly authorized in writing.

Section 306. Regulations with Respect to Exchanges and Transfers. (a) In all cases in which the privilege of exchanging Bonds or transferring the registration of Bonds is exercised, the City shall execute and the Master Trustee shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All Bonds surrendered in any such exchanges or transfers shall be forthwith canceled by the Master Trustee.

(b) For every exchange or transfer of Bonds, the City or the Master Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Resolution, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

(c) Neither the City nor the Master Trustee shall be required to exchange or transfer any Bond during the period commencing on a Regular Record Date and ending on the related Interest Payment Date.

Section 307. Form of the Bonds. The Bonds shall be in substantially the following form with such insertions, omissions, substitutions and other variations as shall not be inconsistent with this Resolution or

required or permitted by the Sale Order or as approved by the Finance Director:

REGISTERED OWNER: \_\_\_\_\_

PRINCIPAL AMOUNT: \_\_\_\_\_ Dollars

The City of Detroit, County of Wayne, State of Michigan (the "City"), hereby acknowledges itself to owe and for value received promises to pay to the Registered Owner specified above, or registered assigns, on the Maturity Date specified above, unless redeemed prior thereto as hereinafter provided, the Principal Amount specified above, together with interest thereon at the Interest Rate per annum specified above, from the Date of Original Issue specified above, or from the most recent Interest Payment Date to which interest has been paid, until the Principal Amount specified above is paid in full. Interest is payable semiannually on May 1 and November 1 in each year commencing on November 1, 2010 (each an "Interest Payment Date"). The interest so payable, and punctually paid or duly provided for, will be paid, as provided in the hereinafter defined Resolution, to the person in whose name this Bond is registered on the books maintained for such purpose by the hereinafter defined Trustee (the "Bond Registry"), on the close of business on the Regular Record Date for such interest payment, which shall be the fifteenth day (whether or not a business day) of the calendar month immediately preceding such Interest Payment Date. Any such interest not so punctually paid or duly provided for shall herewith cease to be payable to the Registered Owner on such Regular Record Date, and may be paid to the person in whose name this Bond is registered at the close of business on a Special Record Date for the payment of such defaulted interest to be fixed by the Trustee, notice of which shall be given to Registered Owners at least seven days before such Special Record Date, or may be paid at any time in any other lawful manner.

The principal of this Bond is payable in lawful money of the United States of America upon presentation and surrender of this Bond at the designated corporate trust office of U.S. Bank National

Association, Detroit, Michigan, as trustee, registrar, transfer agent and Trustee under the Resolution (such bank and any successor as trustee, the "Trustee"). Interest on this Bond is payable in like money by check or draft drawn on the Trustee and mailed to the Registered Owner entitled thereto, as provided above, by first class mail or, upon the written request of a Registered Owner of at least \$1,000,000 in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Trustee to such Registered Owner, and such request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Trustee. Interest shall be computed on the basis of a 360-day year consisting of twelve 30 day months. For prompt payment of this Bond, both principal and interest, the limited tax full faith, credit and resources of the City are hereby irrevocably pledged.

[Variable Interest Rate Provisions]

This Bond is one of a series of bonds of even Date of Original Issue aggregating the principal amount of \$\_\_\_\_\_ (the "Bonds"), issued pursuant to and in accordance with Act 80, Public Acts of Michigan, 1981, as amended, ("Act 80") and Act 279, Public Acts of Michigan, 1909, as amended, and pursuant to and in accordance with a Resolution duly adopted by the City Council of the City on \_\_\_\_\_, 2010 and a Sale Order of the Finance Director of the City issued on \_\_\_\_\_, 2010 (collectively, the "Resolution"). The Bonds are issued for the purpose of financing a portion of the accumulated operating deficit of the City for its fiscal year ended June 30, 2009, an additional projected accumulated operating deficit for the fiscal year ending June 30, 2010, and paying costs of issuance of the Bonds and other costs authorized by Act 80.

The Bonds of this series shall be subject to redemption prior to maturity as follows:

[Optional and Mandatory Redemption Provisions]

*Extraordinary Mandatory Redemption.* Extraordinary mandatory redemption of the Bonds shall occur only and if to the extent the Trustee has received funds from the City to effect such extraordinary mandatory redemption, on each November 1, beginning November 1, 2015 (each, an "Extraordinary Bond Redemption Date"), and the City shall redeem the Bonds in whole, unless not less than 180 days prior to each Extraordinary Bond Redemption Date (i) the City elects in writing to the Trustee to redeem none or less than the entire out-

standing principal amount of the Bonds and (ii) the City delivers to the Trustee an opinion of nationally recognized bond counsel to the effect that the failure to redeem the portion of the Bonds which will remain outstanding after such redemption, if any, will not adversely affect the exemption of interest on the Bonds from gross income for Federal income tax purposes. Failure by the City to comply with (i) and (ii) above may preclude the exemption of interest on the Bonds from gross income for federal income tax purposes. A redemption in part shall be in inverse order of maturity. Any such redemption will occur at a price of par plus interest accrued to the date fixed for redemption, plus a premium equal to the percentage of the principal amount being redeemed, as follows:

<b>Extraordinary Redemption Date</b>	<b>Premium</b>
	%

In case less than the full amount of an outstanding bond is called for redemption, the Trustee, upon presentation of the bond called for redemption, shall register, authenticate and deliver to the Registered Owner of record a new bond in the principal amount of the portion of the original bond not called for redemption.

Notice of redemption shall be given to the Registered Owners of Bonds or portions thereof called for redemption by mailing of such notice not less than thirty (30) days but not more than sixty (60) days prior to the date fixed for redemption to the registered address of the Registered Owner of record. Bonds or portions thereof so called for redemption shall not bear interest after the date fixed for redemption, whether presented for redemption or not, provided funds are on hand with the Trustee to redeem said Bonds or portions thereof.

As security for the City's obligation to pay the Bonds, a statutory lien has been created under Act 80 on all of the payments that the City is eligible to receive from the State of Michigan under Act 140, Public Acts of 1971, as amended ("Distributable Aid"), and all monies in the funds and accounts established by the City with U.S. Bank National Association, as trustee (the "Trustee"), pursuant to the terms and conditions of a Master Debt Retirement Trust Indenture (the "Trust Indenture") between the City and the Trustee. The City has reserved the right to make additional pledges or assignments of Distributable Aid on a parity or subordinate basis with the pledge of Distributable Aid securing the Bonds as security for current or future bonds or obligations of the City, subject to the requirements for the issuance of additional bonds and obligations as provided in the Trust Indenture.

As additional security for the Bonds, the City hereby pledges its limited tax full faith and credit for the payment of the principal of and interest on the bonds. To the extent that Distributable Aid payments are insufficient to pay principal of and interest on the Bonds when due, this Bond is payable as a first budget obligation from its general funds and in the case of insufficiency thereof, the City is obligated to levy annually sufficient taxes to provide for the payment of the principal of and interest on the bonds of this issue as they mature on all taxable property in the City, subject to applicable constitutional, statutory and charter tax rate limitations.

Reference is hereby made to the Resolution and the Trust Indenture for the provisions with respect to the nature and extent of the security for the Bonds, the manner and enforcement of such security, the rights, duties and obligations of the City, and the rights of the Trustee, the Trustee and the Registered Owners of the Bonds. As therein provided, the Resolution may be amended in certain respects without the consent of the Registered Owners of the Bonds. Copies of the Resolution are on file and available for inspection at the office of the Finance Director and at the principal corporate trust office of the Trustee.

The City and the Trustee may treat and consider the person in whose name this Bond is registered on the Bond Registry as the absolute owner hereof, whether this Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal hereof and interest hereon and for all other purposes whatsoever, and all such payments so made to such person or upon his order shall be valid and effectual to satisfy and discharge the liability hereon to the extent of the sum or sums so paid.

The registration of this Bond is transferable only upon the Bond Registry by the Registered Owner hereof or by his attorney duly authorized in writing upon the presentation and surrender hereof at the designated corporate trust office of the Trustee together with a written instrument of transfer satisfactory to the Trustee, duly executed by the Registered Owner hereof or his attorney duly authorized in writing, and thereupon one or more fully executed and authenticated Bonds in any authorized denominations of like maturity and tenor, in equal aggregate principal amount shall be issued to the transferee in exchange therefor as provided in the Resolution upon the payment of the charges, if any, therein prescribed.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and to be performed, precedent to and in the issuance of this Bond and the Bonds of this issue do exist, have happened and

have been performed in due time, form and manner as required by the Constitution and statutes of the State of Michigan, and that the total indebtedness of the City, including this Bond and the Bonds of this issue does not exceed any constitutional, statutory or charter limitation.

This Bond is not valid or obligatory for any purpose until the Trustee's Certificate of Authentication on this Bond has been executed by the Trustee.

IN WITNESS WHEREOF, the City of Detroit, by authority of its City Council, has caused this Bond to be signed for and on its behalf and in its name by manual or facsimile signature of the Mayor of the City and the manual or facsimile signature of its Finance Director, and the official seal of the City to be impressed, imprinted or otherwise reproduced hereon, all as of the Date of Original Issue.

Section 308. Registration. The City and the Master Trustee may treat and consider the Bondowner of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondowner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 309. Mutilated, Destroyed, Stolen or Lost Bonds. (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Master Trustee or the City and the Master Trustee and the City received evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City and the Master Trustee such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Master Trustee that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Master Trustee shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds issued under this Resolution.

Section 310. Book-Entry Only System Permitted. (a) If determined by the Finance Director in the Sale Order, the

Bonds shall be issued to a securities depository selected by the Finance Director (the "Security Depository") to be held pursuant to the book-entry-only system maintained by the Security Depository and registered in the name of the Security Depository or its nominee. Ownership interests in Bonds held under such book-entry-only system shall be determined pursuant to the procedures of the Security Depository and Article 8 of the applicable Uniform Commercial Code (such persons having such interests, "Beneficial Owners").

(b) If (i) the City and the Master Trustee receive written notice from the Security Depository to the effect that the Security Depository is unable or unwilling to discharge its responsibilities with respect to the Bonds under the book-entry-only system maintained by it or (ii) the Finance Director determines that it is in the best interests of the Beneficial Owners that they be able to obtain Bonds in certificated form, then the City may so notify the Security Depository and the Master Trustee, and, in either event, the City and the Master Trustee shall take appropriate steps to provide the Beneficial Owners with Bonds in certificated form to evidence their respective ownership interests in the Bonds. Whenever the Security Depository requests the City and the Master Trustee to do so, the Finance Director on behalf of the City and Master Trustee will cooperate with the Security Depository in taking appropriate action after reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of this Resolution or the Sale Order to the contrary, so long as the Bonds are held pursuant to the book-entry-only system maintained by the Security Depository.

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Master Trustee to the Security Depository with respect to such Bonds; and

(ii) all payments with respect to principal of the Bonds and interest on the Bonds shall be made in such manner as shall be prescribed by the Security Depository.

#### ARTICLE IV SPECIAL COVENANTS

Section 401. Tax Exemption Covenant. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on the Bonds (determined by

the Finance Director to be issued on a tax-exempt basis), from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a) above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

**ARTICLE V  
FUNDS AND ACCOUNTS;  
DISPOSITION OF BOND PROCEEDS**

Section 501. Establishment of Accounts and Funds. The City hereby establishes and creates the following special, separate and segregated depository accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City; provided, that the Debt Retirement Fund and the Series 2010 Escrow Fund shall be held in trust by the Master Trustee for the benefit of the Bondholders:

- A. Debt Retirement Fund;
- B. Bond Issuance Fund;
- C. Refunding Fund;
- D. Fiscal Stabilization Fund; and
- E. Series 2010 Escrow Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for each series of the Bonds, if any, to accommodate the requirements of such

series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to fund the Accumulated Operating Deficit to prepay all or a portion of outstanding bonds or obligations of the City, if any, or the purchase and payment of variable rate bonds. The Finance Director is authorized to allocate any net original issue premium, if any, received upon the sale of the Bonds to such accounts and in such amounts as permitted by applicable law and the Code.

Section 502. Debt Retirement Fund. Distributable Aid payments to be received by the City from time to time shall be distributed by the State Treasurer to the Master Trustee and deposited by the Master Trustee in the Debt Retirement Fund (to be designated as the "City of Detroit Distributable State Aid Debt Retirement Fund" in the Master Indenture), and allocated and set-aside by the Master Trustee into the Series 2010 Escrow Fund in accordance with the provisions of the Master Indenture and the related First Supplemental Indenture for the payment of the principal of and interest on the Bonds when due. Any amounts remaining in the Debt Retirement Fund after the setting aside of the amounts necessary to satisfy the DSA Deposit Date Balance Requirements (defined in the Master Indenture) of all DSA Escrow Funds (defined in the Master Indenture), shall be released to the City for deposit to the General Fund of the City.

Section 503. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series of Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Fiscal Stabilization Fund.

Section 504. Fiscal Stabilization Fund. After making the deposits required by Sections 502 and 503, there shall be deposited in the Fiscal Stabilization Fund, the remainder of the proceeds of the Bonds. Moneys on deposit in the Fiscal Stabilization Fund shall be transferred to the City's General Fund to pay a portion of the Accumulated Operating Deficit and other expenditures authorized by Act 80 and the Administrative Board Order, all in accordance with the Non-Arbitrage and Tax Compliance Certificate delivered by the City concurrently with the issuance of the Bonds.

Section 505. Investment of Monies in the Funds and Accounts. (a) The Finance Director shall direct the investment of monies on deposit in the Funds

and Accounts established hereunder in Permitted Investments, as defined in the Master Trust Indenture, and the Master Trustee, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Unless otherwise provided herein, monies on deposit in the Funds and Accounts may be invested in such investments to the extent permitted by applicable law and the Non-Arbitrage and Tax Compliance Certificate.

#### **ARTICLE VI THE MASTER TRUSTEE**

Section 601. Master Trustee. The Master Trustee for the Bonds shall act as bond registrar, transfer agent and trustee for the Bonds, and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The Master Trustee means and includes any company into which the Master Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Master Trustee may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Master Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Master Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to enter into the Master Trust Indenture and the First Supplemental Indenture with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Master Trustee and enter into an agreement therewith for such services.

Section 602. Master Trust Indenture. The Mayor, the Finance Director, the Treasurer and the City Clerk are each hereby authorized and directed on behalf of the City to take any and all other actions and perform any and all acts that shall be required, necessary or desirable to enter into and implement the Master Trust Indenture with the Master Trustee, including, but not limited to, entering into an agreement with the State Treasurer in accordance with Act 80 to provide for the direct payment of Distributable Aid by the State Treasurer to the Master Trustee.

#### **ARTICLE VII SUPPLEMENTAL RESOLUTIONS**

Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds. The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds;

provided that no supplemental resolution amending or modifying the rights or obligations of the Master Trustee shall become effective without the consent of the Master Trustee.

#### **ARTICLE VIII DEFEASANCE**

Section 801. Defeasance. Bonds shall be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturity, irrevocable instructions to call such Bonds for redemption shall be given to the Master Trustee. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

**ARTICLE IX  
OTHER PROVISIONS OF GENERAL  
APPLICATION**

Section 901. Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceedings with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution, the Master Trust Indenture and the Sale Order.

(b) In the event that any of the Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

(c) For the purpose of more effectively managing the debt service with respect to all or any portion of the Bonds, the Finance Director is authorized in his discretion and in accordance with the requirements of Act 34, to negotiate the terms of an Interest Rate Exchange Agreement with respect to such Bonds with Interest Rate Exchange Agreement providers, all as determined by the Finance Director and confirmed by the Council by resolution.

(d) In connection with the execution of any of the agreements authorized by this

Section, the Finance Director is authorized to include therein such covenants as shall be appropriate.

Section 902. Approval of Other Documents and Actions. The Mayor, the Finance Director, the Treasurer and the City Clerk are each hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file any necessary applications, to enter into one or more remarketing agreements, letters of credit and reimbursement agreements, and such waivers or to obtain any other approvals as shall be necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department and Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 or the Agency Reporting Act to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 903. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the holders and beneficial owners of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 904. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of a Preliminary Official Statement and an Official Statement and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the Preliminary Official Statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations

therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accounts, financial analysts and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 905. Act 80 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 80.

Section 906. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 907. Sale of Bonds/Good Faith Check. (a) The Bonds shall be sold by negotiated sale to the Underwriters as represented by the Representative, all as determined by the Finance Director in a Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner

possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters, or in lieu thereof, to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the Bonds.

Section 908. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 909. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 910. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters to other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial analysts, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and

delivery of the Bonds, and analysis and funding of the Accumulated Operating Deficit and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 911. Preservation of Records. So long as any Bond remains Outstanding, all documents received by the Master Trustee under the provisions of this Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the City, and the Bondowners, and their agents and representatives, any of whom may make copies thereof.

Section 912. Parties in Interest. Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Master Trustee and the Owners of the Bonds, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City or Master Trustee shall be for the sole and exclusive benefit of the City, the Master Trustee and the Bondowners.

Section 913. No Recourse Under Resolution. All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 914. Severability. If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

Section 915. Cover Page, Table of Contents and Article and Section Headings. The cover page, table of contents and Article and Section headings hereof are solely for convenience of reference and do not constitute a part of this Resolution, and none of them shall affect its meaning, construction or effect.

A notice of the change in accounting principles shall be sent to the MSRB through EMMA.

**RESOLUTION**

By Council Member K. Cockrel, Jr.:

Re: Legislative Reporting Requirements Associated with the Authorization of the Sale of \$250 Million of Fiscal Stabilization Bonds.

Whereas, City of Detroit Administration has proposed the issuance of \$250 million in Fiscal Stabilization Bonds; and

Whereas, The Fiscal Stabilization Act allows for the local enabling resolution to include language to enhance the marketability of the Fiscal Stabilization Bonds; and

Whereas, Legislative oversight through the following measures would enhance that marketability of the Fiscal Stabilization Bonds and ensure the ability of City Council to monitor the progress of the Deficit Elimination Plan:

- A monthly tracking report, provided by the Administration, of the comparison of budgeted to actual expenditures by appropriation for the Fiscal Year, including estimated expenditures through the fiscal year end.
- A monthly report, provided by the Administration, of the City of Detroit's Cash Flow Statements and Projections to the Director of the Fiscal Analysis Division of Detroit City Council.
- A quarterly report, provided by the Administration, that updates the status of the City of Detroit's Deficit Elimination Plan in the form it was presented to the Detroit City Council for approval in November 2009, including both the appropriations line items and a written report that supports this documentation, to this Honorable Body beginning in April 2010 and every quarter thereafter; and

Whereas, Council was advised that these reporting requirements, presented

in a separate resolution, would be as enforceable as if incorporated within the Fiscal Stabilization Bond sale resolution; and

Whereas, The Administration assured the Detroit City Council, at today's Formal Session discussion, that it would comply with all of these reporting requirements; Now, Therefore Be It

Resolved, That the Detroit City Council emphatically supports the above mentioned legislative reporting requirements and strongly urges the Administration to adhere to these requirements and their associated timelines; And Be It Further

Resolved, That the Detroit City Council directs the City Clerk to send a copy of this approved resolution to the Honorable Mayor Dave Bing; Norman L. White, CFO and Group Executive, Finance Department; Loren E. Monroe, Auditor General; and Kamau Marable, Executive Assistant to the Mayor, Legislative Affairs.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

Nays — None.

## Invocation

Most gracious, everlasting, and eternal Father, we come with an obsequious spirit that draws us to our knees in thanksgiving for Your mercy and majesty. God, we honor Your personality, and presence in our political, ecumenical, and ecclesiastical predicaments. God, when we consider the flight that pains and pollutes our city, we find that our finite wills must bow in humble subjection to You. God, we see incarceration over education, and political power over people and peace. God, we ask that You will execute an equilibrium that will bring balance and empower and enlighten us to follow hard after tranquility, justice, and moral righteousness. God, I ask now that You will endow these, Your people, our leaders with Your Holy Spirit and let them know that without You the future of our great city, Detroit, MI is furnished with fatal frustration. Lord, help our unbelief's. Help us to see the light beyond the darkness of this world. Help us to see purpose and destiny through the eyes of providential optimism. God, we thank You for never turning your back on us, even when we turn our backs on You. We claim victory over our city, our officials, our neighborhoods, our communities, our schools, our citizens, our youth, and our churches. Draw us closer together in the revelation of divine harmony. Thank you for hearing us when we pray. In the strong name of Jesus Christ, who does all things well,

Amen.

vice with the Detroit Police Department's Special Response Team. (Truck is no longer in service because the cost of needed repairs superseded the work of the vehicle. Dr. Mason indicates the whole process appears to have come to a stall; over the past 2 months contact with the Fleet Management has been lost and he was told that someone else may get the vehicle petitioned for.)

**PUBLIC COMMENT**

The following individuals expressed opposition to the Detroit Board of Education's decision to award its transportation contract to an Ohio company. Most of the drivers employed by Safeway Transportation Company are city residents and homeowners who pay both income and property taxes. So, the impact of those job losses would be detrimental to the City of Detroit:

**Calen Kendricks, Reginald Love, Janice Mayers, Teretha Green, Patricia Whitlow, Calvin Oliver, LaGayle Bean, Obie Trice and Wilhemenia Cleveland.**

**LARRY WIGGINS, Environmental and Technical Controls** — addressed City Council concerning the administration's decision to remove their contract from the agenda for reasons that they are ineligible to receive city contracts. He believes this is a concerted effort by Charles Beckham and Norman White to discredit and destroy his company.

**NORMAN THRASHER, Environmental and Technical Controls** —

addressed City Council concerning an article in the paper announcing the launching of Mayor Bing's plan for small businesses and the hiring of jobs. Although they are the only African American company in the City of Detroit trying to provide jobs for residents through their bus shelter proposal, etc., the administration refuses to award them a contract.

**RAYMOND DUMA (No Card)** — requested a status report on contracts awarded for the boarding of abandoned and dangerous structures.

**SEAN BROWN, B.U.P. Films** — addressed City Council concerning the Detroit Film Office. He alleges that due to a mix up in that office, he was arrested and charged with brandishing fake firearms while filming a movie.

**DONNA PRZEBIENDA (No Card), Warren Avenue Community Organization** — introduced members and extended an invitation to City Council Members to attend or be guest speakers at one of their monthly meetings. The community would like to address and voice concerns regarding the decline in the quality of life in their neighborhood (i.e. the housing situation, property management and maintenance in the community).

**LES LENCHNER, L.A. Welding & Mechanical, Inc.** — addressed City Council concerning the administration's withdrawal of item #88 from the agenda (contract for HVC repair work).

**LORRAINE GORDON** — addressed City Council with concerns that in January, while parked, her car was hit by a Dexter bus. She was instructed by the DOT inspector sent out to investigate to contact the Law Department and request a property damage claim form. After speaking with several people in the Law Department who promised to send out a claim form, she contacted the Ombudsman's Office. To date, she has received no claim form. She asked for Council's assistance in the matter.

**CLAUDETTE TRICE** — addressed City Council with concerns relative to Detroit Public Housing scattered sites. The Detroit Housing Commission is asking that everyone currently living in a scattered site home (400-500) move out while repairs are being made. She was told that the homes could not be sold until they've been brought up to code, but contends that many of the needed repairs are minor. She fears that once these homes are vacated, they will be stripped and deemed vacant and abandoned structures.

**TED PHILLIPS, Save Our Spirit Coalition** — addressed City Council in opposition of the administration's proposed changes to the Community Development Block Grant process. He contends that these changes will drastically alter the way City Council relates to that process. The administration plans to change the timeline and alter what groups might receive funding.

**TONYA PHILLIPS, Staff Attorney for Michigan Legal Services** — addressed City Council concerning the proposed changes to the Block Grant process. One of the proposed changes is to ask the Council to approve funding in categories, rather than individual organizations. She is asking that Council direct the City Planning Commission to provide at least three years of categorical data, so that they will have their own information to make that decision.

**ROLAND WATKINS, Program Director for Young Detroit Builders** — addressed City Council in opposition of the administration's proposed changes to the Community Development Block Grant process.

**SHELLEY PAROS** — complimented the City Council on doing a terrific job at listening to everyone, going through and reviewing everything. She offered a program called "Full and Fabulous and Get Fit for Change" as something that might help in the quest to improve the general health of residents and, hopefully, assist in the reduction of health care costs.

Honorable City Council:

Re: Lateva Townsend vs. City of Detroit.  
Case No.: 09-008224-NO. File No.:  
A19000.003604 (LDBG).

On January 19, 2010, a case evalua-

tion panel evaluated the above-captioned lawsuit and awarded Ninety Thousand Dollars (\$90,000.00) in favor of Plaintiff. The parties have until February 16, 2010, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Ninety Thousand Dollars (\$90,000.00) payable to Goodman Acker, P.C., her attorneys, and Lateva Townsend, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 09-008224-NO, approved by the Law Department.

**RESOLUTION FOR THE  
DISAPPROVAL OF THE ISSUANCE OF  
A NEW DANCE-ENTERTAINMENT  
PERMIT TO TEMPLE PLAZA, INC.,  
FOR 452-454 EAST LAFAYETTE**

By Council Member Kenyatta:

Whereas, Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance and entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 522107, which has been designated by the City Clerk as Petition Number 3661;

Whereas, This Local Approval Notice requests City Council approval or disapproval of a request for the issuance of a new dance and entertainment permit in conjunction with a "Class C" Liquor License at 452-454 East Lafayette;

Whereas, The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009;

Whereas, Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be

processed the same as a petition received after the August 25, 2009 effective date;

Whereas, Part VI of the Procedures and Criteria states that City Council shall grant a permit Applicant's request for approval of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant;

Whereas, Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator has reported to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria, with a copy of the report mailed to the Permit Applicant;

Whereas, Chapter 61 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, Article XVII, Zoning Map Number 2, indicates that 452-454 East Lafayette is located on land zoned B4 (General Business District) within the Central Business District;

Whereas, Pursuant to Section 61-9-76 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, cabarets and establishments for the sale of beer or intoxicating liquor for consumption on the premises are by-right uses in a B4 District within the Central Business District;

Whereas, The Buildings and Safety Engineering Department ("B&SE") report to the designated MLCC Permit coordinator indicates that a zoning permit for a Group "A" Cabaret at the location, which would permit dance and entertainment, has not been issued by B&SE;

Whereas, The current land use for 452-454 East Lafayette does not include Group "A" Cabaret and, accordingly, patron dancing or entertainment is not permitted at the location;

Whereas, B&SE also reports that there are uncurd violations and outstanding fees for the location;

Whereas, The Law Department reports that a review of the Permit Coordinator's report indicates that the Approval Criterion Nos. 4 and 9 contained in Part VI of the Procedures and Criteria have not been met; and

Whereas, The Law Department has submitted a proposed resolution disapproving the issuance of a new dance and entertainment permit by the MLCC to Temple Plaza, Inc., for the licensed establishment at 452-454 East Lafayette.

Now Therefore It Is Resolved, Pursuant to Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), and in accordance with the Procedures and Criteria adopted by this Body effective August 25, 2009, that the Detroit City Council, disapproves the issuance of a dance and entertainment permit to Temple Plaza, Inc., for 452-454 East Lafayette; and

It Is Further Resolved, That a copy of this Resolution, and the City Clerk's certification of this disapproval of MLCC Request ID Number 522107, be forwarded to the Michigan Department of Labor and Economic Growth, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 7310 Woodward, Detroit, MI 48202, and the Buildings and Safety Engineering Department Business License Center, 105 Coleman A. Young Municipal Center, Detroit, MI 48226.

February 17, 2010

Honorable City Council:

Re: Resolution approving the transfer of an Industrial Facilities Tax Exemption Certificate (PA 198); #98-674 and a Personal Property Tax Exemption Certificate (PA 328); #08-182, issued to the General Motors Inc., (old GM) requested to be transferred to the *General Motors, LLC* (new GM).

On February 4, 2010, a discussion in connection with approving the transfer of an Industrial Facilities Tax Exemption Certificate and the transferring of a Personal Property Tax Exemption Certificate for the above-captioned corporation was held before your Honorable Body. All interested persons and organizations were given an opportunity to be heard.

The General Motors, LLC, has submitted satisfactory evidence that they have in fact acquired the General Motors, Inc., and possess the necessary financial resources required to maintain the terms and condition of the original agreements in accordance with Public Act 198 of 1974 and Public Act 328 of 1998.

Inasmuch as no impediments were presented, we request that you approve the resolution for the Industrial Facilities Tax Exemption Certificate transfer and the resolution for the Personal Property Tax Exemption Certificate transfer.

Respectfully submitted,

WARREN P. PALMER

Director

By Council Member Kenyatta:

Whereas, The General Motors, LLC, have filed with the City Clerk an application for transfer of an Industrial Facilities Tax Exemption Certificate, #d 98-674, under Public Act 198 of 1974; and a Personal Property Tax Exemption Certificate, #d 08-182, under Public Act 328 of 1998, in City of Detroit, in the manner and form prescribed by the Michigan State Tax Commission; and

Whereas, This City Council is a Qualified Local Governmental Unit as defined by the Act; and

Whereas, The Applicant is not delinquent in any taxes related to the facility; and

Whereas, Commencement of the subject project did not occur before the establishment of the Industrial Development District; and

Whereas, The Application relates to a program that when completed constitutes a project within the meaning of the Act and which is situated within the aforesaid City of Detroit Industrial Development District; and

Whereas, Completion of the project is calculated to, and will at the time the Certificate is issued, have the reasonable likelihood of increasing and/or retaining employment, increasing commercial activity, revitalizing an urban area, or increasing the number of residents in the community in which the facility is located; and

Whereas, The project includes improvements aggregating 10% or more of the true cash value of the property at the commencement of the project as provided by the Act; and

Whereas, Notice was given by certified mail to the Detroit Board of Education, the City of Detroit Board of Assessors, the Wayne County Board of Commissioners, Wayne County Community College, the Wayne County Intermediate School of District, the Huron-Clinton Metropolitan Authority, the Applicant, and by publication to the general public, informing them of the receipt of the Application, the date and location of the Public Hearing, and the opportunity to be heard;

Now Therefore Be It

Resolved, That it is hereby found and determined that the granting of the transfer of the Industrial Facilities Exemption and the Personal Property Tax Exemption Certificates, will not have the effect of substantially impeding the operation of the local governmental unit or impairing the financial soundness of any other taxing unit which levies an ad valorem property tax with the City of Detroit, and be it further

Resolved, That it is hereby found and determined that the Applicant has complied with the requirements of Act 198; and be it further

Resolved, That the application of General Motors, LLC, for the transfer of Tax Exemption Certificates, #*d 08-182* and *98-674*, in the City of Detroit is hereby approved for the balance of the pending years of each of the certificates being transferred per each facility in accordance with the provisions of the Acts; and be it finally

Resolved, That the City Clerk shall for-

ward said application to the Michigan State Tax Commission as provided by the Act; and be it further

Resolved, That the improvements shall be completed no later than the year specified per the formal agreement. Unless an extension of that time period is granted by this City Council, which extension shall be granted if this City Council determines that the project is proceeding in good faith and the proposed extension is reasonable; and be it finally

Resolved, That the City of Detroit's Planning and Development Department and City Assessor's Office are hereby authorized to continue in the Tax Exemption Certificate Agreements.

Honorable City Council:  
Re: Petition No. 3217 — Michigan Department of Transportation (MDOT) requesting outright vacation of the east-west public alley in the area of West Lafayette, Fort Street, Fifth Street and Sixth Street.

Petition No. 3217 of "Michigan Department of Transportation (MDOT)" whose address is P.O. Box 30050, Lansing, Michigan 48909, request for an outright vacation of the East-West public

alley, 20 feet wide, in the block bounded by West Lafayette Avenue, 60 feet wide, West Fort Street, 100 feet wide, Sixth Avenue, 50 feet wide, and Fifth Avenue, 50 feet wide. The reason for this request is to build/construct a transportation Service Center.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

Detroit Water and Sewerage Department (DWSD) reports no objection to the outright vacation provided a private easement is retained for the full width of the alley is maintained for DWSD facilities.

AT&T Telecommunications reports having underground facilities within said public alley and AT&T would lower cables from poles. If AT&T needs to relocate facilities a cost/charge will apply to relocate.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,  
MANILAL PATEL  
Interim City Engineer  
City Engineering Division — DPW

By Council Member Brown:

Resolved, All that part of the East-West public alley, 20 feet wide, in the block bounded by West Lafayette Avenue, 60 feet wide, West Fort Street, 100 feet wide, Sixth Avenue, 50 feet wide, and Fifth Avenue, 50 feet wide, lying Northerly of and abutting the North line of Lots 8 through 14, both inclusive, and lying Southerly of and abutting the South line of Lots 1 through 7, both inclusive all in the "Map of the Western Addition of the City of part of Fosyth and Berthelet Farms" by John Mullett 1835, as recorded in Liber 14, Page 136, Deeds, Wayne County Records;

Be and the same is hereby vacated (outright) as public rights-of-way to become part and parcel of the abutting property, subject to private (sub-surface) easements for Detroit Water and Sewerage Department (DWSD) and AT&T Telecommunication for the full width of the alley and subject to the following provisions;

Provided, That an easement (sub-surface), the full width of the existing right-of-way, is reserved for the Detroit Water and Sewerage Department for the purpose of installing, maintaining, repairing, removing, or replacing any sewers, water

mains, fire hydrants and appurtenances, with the right of ingress and egress at any time to, and over said easement for the purpose above set forth; and be it further

Provided, That free and easy access to the sewers, water mains, fire hydrants and appurtenances within the easement is required for Detroit Water and Sewerage Department equipment, including the use of backhoes, bull dozers, cranes or pipe trucks, and other heavy construction equipment, as necessary for the alteration or repair of the sewer or water main facilities; and be it further

Provided, That the Detroit Water and Sewerage Department retains the right to install suitable permanent main location guide post over its water mains at reasonable intervals and at points deflection; and be it further

Provided, That said owners of the adjoining property, for themselves, their heirs and assigns, agree that no building or structure of any nature whatsoever, including fences, porches, patios, balconies, etc., shall be built upon or over said easement, or that no grade changes or storage of materials shall be made within said easement without prior written

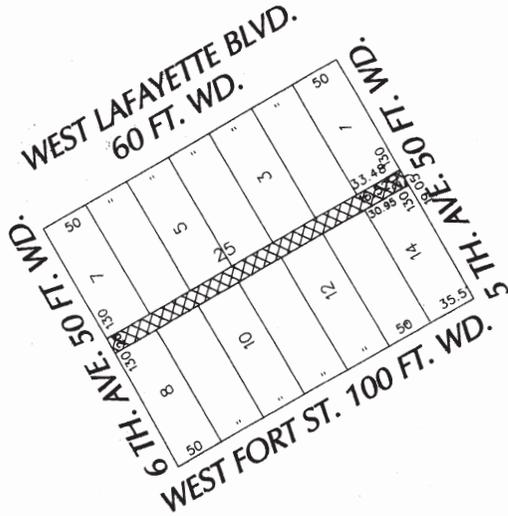

approval and agreement with the Detroit Water and Sewerage Department; and be it further

Provided, That if any time in the future, the owners of any lots abutting on said vacated street shall request the removal and/or relocation of the aforementioned utilities in said easement, such owners shall pay all costs incident to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incident to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further

Provided, That the petitioner has satisfactory arrangements and/or pay DTE Energy, AT&T Telecommunication, and Comcast for relocation and/or rerouting costs; and be it further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

\*WAIVER OF RECONSIDERATION (No. 10) per motions before adjournment.

**MEMBER REPORTS**

**Council Member Brown** advised that the Public Health and Safety Committee will hold a discussion to investigate Channel 7 News' allegations of problems within the Fire Department's EMS section.

**Council President Pugh** informed that Councilwoman Jenkins reports that she and her family are safe and sound in Hawaii, in the aftermath of record earthquakes in Chile and the threat of Tsunami all across the Pacific Ocean.

Council President Pugh also reported that Census Officials are worried about an under count of as many as 70,000 of City residents, who fear being arrested for non-payment of child support or outstanding warrants, or being prosecuted for insurance fraud. He said that greater efforts must be made to inform the public that census forms may not be used to arrest or prosecute anyone, and that getting as much financial support as possible from Washington, D.C. depends on making sure that all Detroit residents are counted.

Council President Pugh referred to the Public Health and Safety Standing Committee a citizen's complaint alleging that there was little or no security inside and around Detroit's new, state-of-the-art Rosa Parks Transit Center, and that there were no change machines in Center.

Lastly, Council President Pugh concurred with Councilman Kenyatta's concern about news reports alleging that Detroit was not getting its rightful share of Federal stimulus money, because of matching funding requirements, and Detroit's lack thereof due to its cash flow crisis. He asked that the Mayor report on

efforts by City lobbyists to have Congress relax or eliminate the matching funds requirement; and to report on efforts to seek support from non-profits and the corporate community. Mr. Marable responded that an updated report from the Office of Grants and Stimulus Dollars had been recently provided to Councilwoman Watson's taskforce, and that the report would be provided to Councilman Kenyatta's committee as well as the rest of the City Council. Marable said that the Mayor wants City Council and community leaders to contact Detroit's representatives in Washington to emphasize the need to address the matching funds issue.

On the topics of federal stabilization money, Councilwoman Jones said that she heard that Congresswoman Kilpatrick had announced that \$41 million would be coming to Detroit. She asked Mr. Marable to explain what this money would be used for, and to clarify how much money would be available for demolition. Mr. Marable responded that he would get an exact answer from the "Department," and that he thought what had been reported previously was that there was a total amount of \$40 million, of which \$14 million had been dedicated to demolition.

Council President Pugh reported that recently, he had met with DPS Foundation head, Ms. Chicatta Johnson, who informed him that the Foundation's purpose is to receive and distribute donations of money and time from DPS graduates and others, who want to earmark gifts for specific Detroit public schools or programs.

**Council Member Cockrel, Jr.** had nothing to report, but wondered whether or not this was the appropriate time to raise an issued discussed in the GDRRA closed session. There was discussion of asking RAD to produce a letter to the administration inquiring as to what their direction and position on GDRRA is now. Member Cockrel then formally directed RAD to draft the letter on behalf of the City Council.

**Council Member Jones** reported that AFSCME and many of the other unions had petitioned her committee to hold a public hearing. She will be extending her committee on Wednesday, March 17 at 5:00 p.m. She welcomed any council members who wish to attend. Member Jones further advised that she will be holding a Town Hall Meeting on March 10 in Southwest Detroit from 6:00 to 8:00 p.m. at Kemeny Recreation Center.

**Council Member Spivey** advised colleagues that they had a very good

meeting on February 25 at 4:30 p.m. and thank all those who came. They will be in Southwest Detroit on March 18. He and Council Member Tate will be visiting several schools. Census forms will be coming out March 15-17. If forms are not completed and returned, they will begin knocking on doors beginning April 1 through May 1. Member Spivey asked that all Detroiters stand up and be counted so that we can get the much-needed dollars.

**Council Member Tate** in an effort to provide the community with information about events and empower our young people, advised that Saturday, March 6 there will be a male teen summit and resource fair sponsored by the Neighborhood Services Organization Youth Initiative Project. There will be a panel discussion with a number of community members, community leaders and teen males about employment, education, mentoring, health and entrepreneurship. This will take place 10:00 a.m. at the Grace Church of the Nazarene, located at 18020 Hoover.

**Council Member Kenyatta** advised that on several occasions for several weeks now he has requested information pertaining to our stimulus dollars (how much has been received and how much has been used). He has put that in writing several times and has verbalized it on numerous occasions. Member Kenyatta would like to receive that information by Wednesday's Planning and Economic Development Committee meeting. The entire committee has been invited to appear before a community group to discuss this issue. They need the exact update as it relates to stimulus dollars.

Member Kenyatta is also requesting a written report on yesterday's incident with one of our fire trucks. That information should be presented to all council members as to why one of our trucks was idled on a railroad track and was pretty much destroyed.

**Council Member Watson** offered a draft of the resolution in support of Safeway Transportation Company. She advised that there is going to be a lecture for Women's History Month led by Samia Nkrumah (the hero's daughter — faithful to her father's mission). She is a member of the parliament of Ghana. She will be discussing her commitment to honor the legacy of her father (Kwame Nkrumah) on Tuesday, March 30, 7:00 p.m. at the Dr. Charles H. Wright Museum of African American History. Member Watson asked that the Research and Analysis Division scroll the information.

She asked the Council President Pugh note that on March 26, the folks who have been coming together for environmental justice would like to reserve the Committee of the Whole for noon.

Member Watson advised that DDOT employees have submitted a memorandum to her and also to Lovevett Williams, Director of DDOT, asking for a Freedom of Information Act request (FOIA) on coach body repair work that has been contracted out. They believe that the work should be done in-house.

She will be routing a complaint through the Council President to the Economic Development Standing Committee relative to the complaints voiced during public comment period by Save or Spirit.

In addition, there is a written complaint from Bill McMaster, State Chairman, Taxpayers United Michigan Foundation, that she is asking the Law Department to take a look at. She has received a letter from Olive A. Hyman, Wayne State University Law School. She has been coming to City Council quite a while ago trying to get the city to pay \$500 to address repair work needed on her automobile due to some faulty roadway in the city. Member Watson is asked that the matter be referred to the Law Department and Research and Analysis Division.

Re: Gray Street Affordable Housing Phase II — (PILOT).

Gray Street Affordable Phase II Limited Dividend Housing Association Limited Partnership is developing a housing project consisting of newly constructed two and three-bedroom duplex units and one mixed use building which will have 3 residential units and 3000 Square Feet of Office space. The project area is located on Detroit's east side bounded by Vernor to the north, Kercheval to the south, Gray Street to the east and Springle to the west.

Financing for the development will be through the Michigan State Housing Development Authority 1602 Tax Credit Exchange Program in the amount of \$5,035,774; Detroit Home Investor Loan Program; General Partner Deferred Developers Fee of \$132,502. The partnership is also applying for Brownfield Tax Credits.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section I of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

All 24 units will be dedicated to supportive service/special needs families. Project based vouchers are available to tenants with 30% of the median income.

Honorable City Council:

Re: Raheem Akbar, Arthur Ward and Gwendolyn Ward vs. City of Detroit, et al. Case No.: 08-11268. File No.: A37000.006398 (YRB).

On November 20, 2009, your Honorable Body approved authority to settle the above identified federal civil matter in the amount of \$10,000.00. The information regarding the complete and final resolution of the entire matter was incorrect. Specifically, plaintiff has two cases pending; one alleging federal claims in the United States District Court (Case No. 08-11268) and another alleging state claims in the Wayne County Circuit Court (Case No. 08-104771 NO). Plaintiff has appealed the Court's summary dismissal of the Wayne County Circuit Court case, subjecting the City to potential further liability.

We, therefore, request that your Honorable Body rescind the original resolution, adopt the amended resolution submitted herewith, specifying that the settlement is for federal claims and allegations made in the United States District Court Case No. 08-11268 only, and directing the Finance Director to issue a draft in the amount of Ten Thousand Dollars and No Cents (\$10,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Carl L. Collins, III, their attor-

ney, and Raheem Akbar, Arthur Ward and Gwendolyn Ward, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 08-11268, approved by the Law Department. Waiver of reconsideration is requested.

**Human Resources Department

February 11, 2010

Honorable City Council:

Re: Request to Amend the Official Compensation Schedule.

The U.S. Department of Health and Human Services granted a Cost of Living Adjustment (COLA) increase of 3.06% effective with the 2009 Head Start fiscal year which commenced November 1, 2008. In previous years, the City elected to return such funds since general increases provided by the City were adequate to offset Head Start COLA adjustments without distorting the classification and compensation system.

In this instance, the Association of Professional and Technical Employees prevailed in its challenge of the non-application of these funds to pay the City of Detroit Head Start employees. In a court order issued by Wayne County Circuit Court, the City of Detroit is mandated "...to pay cost of living only to City of

Detroit employees whose positions were funded by the City's Head Start grant from the federal government for the fiscal year November 1, 2008 through October 31, 2009 by January 31, 2010 in conformance with Award No. 05CH0113/44 and applicable statutes and regulations".

Consistent with the Court order, payment was made for this retroactive period as a lump sum amount on January 29, 2010. However, the instructions issued by the U.S. Department of Health and Human Services for dispersion of the COLA state "We also expect grantees to use that part of their COLA increase made available through the increase in Head Start's FY 2009 appropriation (approximately 3.1%) in a manner that permanently increases their agency's Head Start pay scale, rather than only increasing the salaries of current

employees." This requires that the pay ranges be increased by 3.06%.

As several of the positions to which the COLA applies are assigned titles that are used in other departments, the decision was made to distinguish these positions by attaching the Head Start designation to their titles. Human Resources took action to adopt these classifications. This action requests that your Honorable Body approve the mandated pay ranges.

#### **Human Resources Department Labor Relations Division**

February 22, 2010

Honorable City Council:

Re: Implementation of Budget Required Furlough (BRF) Days for Employees Represented by Utility Workers of America (BU 8800).

The Labor Relations Division has recently reached agreement on a 2008-2012 labor contract with the Utility Workers of America, Local 488. Due to

the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's longstanding practice, we are, therefore, recommending that your Honorable Body authorize action to reduce the standard work hours by ten percent (10%) or twenty-six (26) work days in a 12-month period for three (3) consecutive twelve-month periods and to reduce proportionately those fringe benefit qualifiers which are based upon hours worked, as set forth in the attached Scheduled A-9, effective upon City Council's approval. The complete labor agreement will be submitted to your Honorable Body as soon as it is ready.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,  
JOSEPH P. MARTINCO  
Labor Relations Director  
**SCHEDULE A-9**

**Wages**

- Contract duration July 1, 2008 through June 30, 2012. All employees required to take 26 Budget Required Furlough (BRF) days without pay in each 12-month period; City to determine BRF start date and schedule; duration of BRF is 3 consecutive 12 month periods from the start of the BRF days.

- If employee is required to work BRF, a substitute BRF will be scheduled by Department and taken by employee within designated 12-month period.

- If an employee is scheduled to work less than 40 hours in a work week due to mandatory budget furlough time off, overtime for that work week shall not be payable until the employee works 40 hours in that work week.

- Appropriate calculations will be made to have pension benefits equal same amount employee would have earned had regular pay not been reduced as result of BRF days.

- Employees who retire during BRF period shall continue to have vacation, swing holiday and c-time banks run-out in forty hours per week increments.

- Qualifications for earning vacation and sick leave will be proportionally reduced and other appropriate modifications as necessary to comport with the budget furlough 10% reduction in hours.

- Employees who are working a 10% reduced work period at the time that they go off on Workers' Compensation shall have their formula for supplementation out of their sick leave banks calculated upon 100% of their take-home pay under the mandatory budget furlough schedule.

By Council Member Jones:

March 3, 2010

Honorable City Council:

Re: Petition Number 3221 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Topless Activity Permit to Backstreet at Large, Inc., for an Existing Group “D” Adult Cabaret at 15600-15606 Joy Road.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission (“MLCC”) dance permit, entertainment permit, or a topless activity permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 490142, which has been designated by the City Clerk as Petition Number 3221. This Local Approval Notice requests approval by City Council of a request by Backstreet at Large, Inc. (“Permit Applicant”), for the issuance of a new topless activity permit in conjunction with a “Class C license” at an adult cabaret located at 15600-15606 Joy Road.

The Buildings and Safety Engineering Department (“B & SE”) reports that 15600-15606 Joy Road is zoned B4 and that the current legal land use is “Class C

bar and adult cabaret” as established by Permit No. 30808, which was issued on February 11, 1986. A certificate of compliance for the location was issued by B & SE on May 28, 2009.

Section 5-2-1 of the 1984 Detroit City Code defines a Group “D” Adult Cabaret as an establishment open to the public, which sells or services alcoholic beverages with or without food, and provides entertainment that is distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities, as also defined in Section 5-2-1. Specified anatomical areas, as defined, include less than completely and opaquely covered female breasts below a point immediately above the top of the areola. Pursuant to Section 5-2-21 of the 1984 Detroit City Code, a Group “D” Adult Cabaret business license is required for any establishment to operate as an adult cabaret. The B & SE Business License Center’s records indicate that the Permit operate as an adult cabaret. The B & SE Business License Center’s records indicate that the Permit Applicant’s location at 15600-15606 Joy Road is currently licensed as a Group “D” Adult Cabaret.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits (“Procedures and Criteria”) became effective upon publication on August 25, 2009. Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the effective date. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant’s request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator (“Coordinator”) has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the report has been mailed to the Permit Applicant.

**RECOMMENDATION**

A review of the Coordinator’s report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criterion No. 11, which concerns unpaid fees or uncured violations under the purview of the Fire Department related to the subject premises. Specifically, in a report dated September 4, 2009, the Detroit Fire Marshal Division recommended denial of the request for approval because of: 1) unpaid fees for

the location in the amount of one hundred and six dollars (\$106.00), and 2) outstanding violations of the Detroit Fire Prevention and Protection Code, being Chapter 19, Article I, of the 1984 Detroit City Code. However, upon notification of these deficiencies, the Permit Applicant has paid the delinquent Fire Marshal Division fees of \$106.00. Further, the Fire Marshal has advised that the subject location was recently inspected and that the violations under the Detroit Fire Prevention and Protection Code have been corrected.

Therefore, attached is a proposed resolution approving the issuance of a new topless activity permit by the MLCC to the Permit Applicant, Backstreet at Large, Inc., for 15600-15606 Joy Road. Further, the Law Department recommends that the proposed Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON  
 Corporation Counsel

February 18, 2010

Honorable City Council:  
 Re: Petition No. 3657 — CHASS Center request to vacate the public alley between Junction and Campbell.

Petition No. 3657 of "CHASS Center", request for the conversion of the North-South public alley, 20 feet wide, in the block bounded by Fort Street, 100 feet wide, Anthon Avenue, 60 feet wide, Campbell Avenue, 66 feet wide, and Junction Avenue, 66 feet wide into an easement. This request is needed to construct a larger facility that will enable the organization to provide expanded health care access to residents of the City of Detroit.

The request was approved by the Solid Waste Division — DPW, and the Traffic

Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
MANILAL PATEL

WHEREAS, On Thursday, July 9, 2009 the DPS Board approved an academic plan for the district as designed by Superintendent Teresa Gueyser; and

WHEREAS, On Friday, July 10, 2009 Robert Bobb announced his intention to launch an academic plan wherein 17 of the district's 22 high schools would be managed by private firms without the input of the DPS Board; and

WHEREAS, On Tuesday, July 14, 2009 the DPS Board voted unanimously to seek an injunction against Robert Bobb's

academic plan and to assert their sole authority over academic decision-making; and

**STATEMENT BY COUNCIL MEMBER KENYATTA REGARDING THE RESOLUTION TO EXTEND DETROIT CITY COUNCIL SUPPORT FOR THE ELECTED DETROIT SCHOOL BOARD**

Today, I introduced a resolution that was written in support of the Detroit Public Schools (DPS) Board of Education's authority over academic decision-making. I voted yes to approve the resolution along with several of my colleagues, including Council Members Brenda Jones, Kenneth Cockrel, Jr. and Joann Watson. However, the majority of my colleagues elected to not support the DPS Board's academic authority and voted no. The ordinance failed 5-4 as a result.

I penned this resolution because I believed and still believe that it is important for the Detroit City Council to support one of the only legally supported powers that the popularly elected officials of DPS have remaining, which is academic oversight.

DPS is one of 200 schools in Michigan that qualify for a state takeover. However, the only bill being currently considered in Lansing that would eliminate the control of a local elected school board over academic decision-making and transfer it to an

emergency financial manager is in Detroit.

If the City of Detroit were faced with being placed in financial receivership I would hope that whatever remaining rights the elected Mayor and Detroit City Council had would be supported by the DPS Board. I feel that the Council made an unsound decision today as a legislative elected body of the people not supporting another legislative elected body of the people who the courts have ruled have a right to govern DPS academic programming.

Furthermore, I am somewhat perplexed and confounded that the same Council that:

- Supported a \$500 million bond request from DPS Emergency Financial Manager Robert Robb
- Hosted a presentation today by three members of the DPS Board and its Superintendent Theresa Gueyser followed by a pledge of continued support for said body
- Voted 9-0 today opposing the ousting of Safeway Transportation Company as a DPS transportation contractor would then do an about-face and state that it felt it should not be involved in interjecting its viewpoint in decision-making matters regarding DPS.

I have the utmost respect for the right of my colleagues to vote their conscience. Nevertheless, I am uneasy about the direction this Council is moving in seemingly in lockstep with the Administration as opposed to a check and balance of the Executive Branch as it was designed to do.

**TESTIMONIAL RESOLUTION FOR**

**JAMES CANTY, III**

By COUNCIL MEMBER TATE:

WHEREAS, James "Jimmy" Canty, III, a Detroit native, was introduced to chess by his father at the age of ten and was immediately addicted to the game. He was intrigued by the unique power and function of the pieces. And

WHEREAS, James sought his opportunity to take on the game of chess when he learned that his elementary school, Bates Academy, offered chess as an extra curricular activity. Also, through this program, James met the late chess coach Harold Steen. Mr. Steen afforded James the opportunity to travel across the country to compete in scholastic chess competitions. In each year during Coach Steen's tenure, the Bates team placed in the top three of Detroit Public Schools and was ranked the top team in three of those years. And

WHEREAS, As time passed and James grew older, his knowledge of the game grew stronger. In 2006, James earned his Expert rating at the Chicago Open at the age of 14, while at that time under the tutelage of Chess Master Bill Calton. It is important to note that the Expert rating is an honor that is shared by only 4% of the players in the United States. Also, in 2008 James placed first in the Michigan Junior Championship. And

WHEREAS, Not satisfied with past successes, James broke the 2200 rating barrier in October, 2009 at the age of 17. James defeated 30 consecutive opponents during the highly competitive Harold Steen Memorial Tournament, which was named after his legendary first chess coach. His strong performance confirmed his position as one of the youngest African American United States Chess Federation (USCF) National Masters. A National ranking requires a player in the USCF to accumulate 2200 rating points in tournament play. This is accomplished by only 1% of the nation's players and each person is awarded with a certificate from the Federation. And

WHEREAS, James has also competed in the exclusive invitation only Denker Tournament of Champions, where he placed fourth out of 50 contestants. This tournament allows one person from each state to attend. The winner of this elite tournament is awarded a full tuition scholarship to the college or university of their choice. And

WHEREAS, This spring the Mumford High School senior will enter his final season of scholastic chess and has hopes of qualifying again for the Denker tournament. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby salutes James Canty, III, for his outstanding success in the game of chess. He is not only a role model to African American youth, but to all citizens in the great City of Detroit.

Honorable City Council:

Re: Correction of Legal Entity Development: 7029, 7113, 7121 & 7129 Strong.

On September 30, 2008, (Detroit Legal News, December 3, 2008, Pg. 15) your Honorable Body authorized the sale of the above captioned property to Promise

Land Missionary Baptist Church, a Michigan Ecclesiastical Corporation, for the purpose of landscaping the site with grass, trees and bushes to enhance their adjacent worship facility.

It has come to our attention that the name of the legal entity was issued in error. Accordingly, the sale to Promise Land Missionary Baptist Church, a Michigan Ecclesiastical Corporation, should be amended to show Devine Deliverance Ministries, a Michigan Ecclesiastical Corporation, as the buyer. This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a name change in the purchaser from Promise Land Missionary Baptist Church, a Michigan Ecclesiastical Corporation to Devine Deliverance Ministries, a Michigan Ecclesiastical Corporation.

Respectfully submitted,  
**WARREN P. PALMER**  
Director

By Council Member Jones:

Resolved, That in accordance with the foregoing communication, the authority to sell 7029, 7113, 7121 & 7129 Strong, described on the tax rolls as:

February 22, 2010

Honorable City Council:

Re: Amendment of Sales Resolution Jefferson-Chalmers Rehabilitation Project Development: Parcel 156-A; located south of East Jefferson and bounded by Dickerson, Freud and the alley West of Emerson.

On April 11, 2007, your Honorable Body authorized the sale of the above-captioned properties to JCT Properties, LLC, a Michigan Limited Liability Company, for the purpose of constructing a sixty-six (66) unit senior complex and community play lot open to all residents.

JCT Properties, LLC has to date completed the play lot portion of the project. They have now informed the Planning & Development Department that due to financial constraints and unavoidable circumstances, they were not able to complete the remaining senior complex part of the development. JCT Properties, LLC now wishes to assign all of its interest in this property to Dickerson Manor/MHT Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership. Under the terms of an Assignment, Assumption and Consent Agreement, Dickerson Manor/MHT LDHALP requests to extend the development period to December 31, 2013 and proposes to complete this development with the construction of a sixty-six (66) unit veterans complex.

The Planning & Development Department has reviewed the request of Dickerson Manor/MHT LDHALP and has determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement. Dickerson Manor/MHT LDHALP possesses the qualifications and has indicated potential financial resources necessary to develop the land in accordance with the Development Plan. The disposal of this land by negotiation is an appropriate method for making the land available for redevelopment and the proposed Assignment, Assumption and Consent Agreement is in satisfactory form.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing an amendment to the Development Agreement to extend the completion period of the development.

We, further, request that your Honorable Body adopt the attached resolution authorizing and approving an Assignment, Assumption and Consent Agreement between JCT Properties, LLC, a Michigan Limited Liability Company, Dickerson Manor/MHT Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership and the City of Detroit, a Michigan Public Body Corporation.

Respectfully submitted,

**RESOLUTION  
 SUPPORTING THE CONTINUED  
 PARTICIPATION OF THE DETROIT  
 CITY COUNCIL IN THE DISTRIBUTION  
 OF NOF/CDBG FUNDS**

By COUNCIL MEMBER JENKINS:

WHEREAS, The City of Detroit has dispersed both Neighborhood Opportunity Funds (NOF)/Community Development Block Grant (CDBG) funds for the last several decades with City Council involvement in identifying sub-recipients for the grant funds as well as proposed grant amounts; and

WHEREAS, The Administration has proposed a NOF/CDBG process that identifies categories as opposed to identifying sub-recipients foregoing the opportunity for City Council to participate in the preliminary work on the disbursement of these funds during the normal budget process; and

WHEREAS, Existing Charter and City Code provisions do not appear to grant City Council the opportunity to participate after the budget is submitted to the Administration on May 24, 2010; and

WHEREAS, Although the calendar in the Administration's proposed consolidated plan sets forth a process which includes City Council's continued involvement after May 24th there is no legal support that would guarantee this involvement should the Administration elect to modify its plans; and

WHEREAS, City Council is committed to continuing its role in the disbursement of NOF/CDBG funds to well-deserving non-profit entities that perform a vital role in addressing the chronic needs of citizens in our community; and

WHEREAS, City Council is desirous of amending the City Code to secure its continued involvement in the NOF/CDBG process; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby directs the Research &

Analysis Division to draft amendatory language to the City Code so that City Council's traditional right to participate in the selection of sub-recipients and the corresponding distribution amount of NOF/CDBG funds will be formalized; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the Mayor's Office, Planning & Development Department and the City Planning Commission.

Honorable City Council:  
 Re: Petition No. 2936 — Giffels — Webster Engineers Inc., request to vacate all existing utility easements lying between Fourth Street, Lodge Freeway Service Drive, Martin Luther King Blvd. and Temple Street.

Petition No. 2936 of "Giffels — Webster Engineers Inc." on behalf of the Detroit Housing Commission request to outright vacate certain rights-of-way within the block bounded by Martin Luther King Jr. Boulevard, 116 feet wide, Temple Avenue, 100 feet wide, John C. Lodge Service Drive, and Fourth Street, 50 feet wide. This request is to facilitate the construction of the Cornerstone Estates formerly Edward Jeffries Homes Housing.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

Detroit Water and Sewage Department (DWSD) reports no objections to the requested outright vacation of these rights-of-way provided that the proposed sewers and water mains within the site do not create excessive additional sur-

charges or pressures in the sewers and water mains remaining in the surrounding area.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,

MANILAL PATEL

Interim City Engineer

City Engineering Division — DPW

February 18, 2010

Honorable City Council:

Re: Request Permission to Enter into a Memorandum of Understanding between the City of Detroit and the Wayne County Prosecutor's office.

On September 25, 2008 the City of Detroit closed the Detroit Police Department Forensic Services Laboratory ("Crime Lab") after the review of a September 23, 2008 Michigan State Police preliminary report that audited the Crime Lab's firearms unit and found an

error rate of approximately ten percent. The results of the preliminary audit were confirmed by an October 22, 2008 final audit.

The Wayne County Prosecutor's office ("WCPO") has established a Forensic Evidence Review Unit ("FERU") for the purpose of review adjudicated cases involving the Crime Lab. The WCPO has devoted a significant amount of resources to the review of matters where evidence from the DPD Crime Lab was used in the criminal proceeding.

The City of Detroit is requesting to enter into a Memorandum of Understanding between the City and the Wayne County Prosecutor's office for the purpose of paying \$118,127.74 for fiscal year for the period of April 8, 2008 through April 7, 2009, an amount not to exceed

\$871,400.70 for the period April 8, 2009 and ending April 7, 2010 for work performed by the FERU. The payment for the third year will be determined by the mutual consent of the parties.

This Memorandum of Understanding has been reviewed by the Law Department and approved.

If you have any questions or concerns regarding this matter, please feel free to contact me at (313) 224-3752.

Respectfully submitted,

Re: Request of the City Planning Commission to amend Ordinance No. 24-06, Section 1, by modifying the approved drawings shown in the site plans, building elevations, and other development proposals for the Greektown Casino, LLC development project to modify the use of the space within the casino complex cur-

rently designated as "event center" (a 1,200 seat theater) (Recommend Approval).

**REQUEST**

The City Planning Commission (CPC) requests the amendment of Ordinance No. 24-06, Section 1, by modifying the approved drawings shown in the site plans, building elevations, and other development proposal documents for the Greektown Casino, LLC development project which is located at 555 East Lafayette Avenue, 508, 562, and 570 Monroe Street, and 1041 Saint Antoine Street. The request would modify the use of the space within the casino complex currently designated as "event center" (a 1,200 seat theater). This would grant the casino owner the option of not finishing this space at all or doing so at a later date, thus allowing the City to declare the development complete under zoning. This would honor the terms of the casino's approved bankruptcy settlement which stipulates that the City shall approve an amended site plan showing the event center space as white box space.

**PROPOSED DEVELOPMENT**

The space in question, located at the southeast corner of the casino, has not been finished and presently exists in a "white-box" condition. Ordinance 24-06, which rezoned the site of the Greektown Casino to Special Development District, Casinos (SD5), also referenced the drawings titled "City Council Submission." These drawings, dated June 15, 2006 and prepared by the HBG Rossetti Design Alliance, show the space currently in a "white-box" condition as the event center use. The rezoning application also mentions the event center as one of the uses within the casino.

CPC staff is requesting that the approved plans be modified to allow, with CPC staff review and approval, any use for that space that is allowed under SD5, such as restaurant, bar, retail, or, of course, a theatre, but excluding gaming. It should be noted that the space can also be left undeveloped at the casino's discretion, as is true for other portions of the casino or other developments.

**PUBLIC HEARING RESULTS**

At the December 3, 2009 public hearing on this matter, no members of the public spoke. Commissioners had questions concerning the level of control the City would have with regards to the use of space if staff's recommendation were approved. Further discussion revealed that concerns centered on exterior changes to the space, not interior uses.

**ANALYSIS**

While not consistent with the original vision, allowing the space to be developed as something other than the previously-approved theatre should not do harm to the overall casino development.

By not narrowly specifying the build-out of the event center space, the casino owner will have the desired flexibility with the use of space as it completes the bankruptcy process. The removal of the "event center" requirement also allows the City to issue a final certificate of occupancy for the casino, which has tax advantages for the casino. Again, this rezoning is the way to effectuate the approvals previously agreed to in the Greektown Settlement Agreement.

Under zoning, the City has limited review of interior uses and design of the casino at this stage, but the uses must be on the "pre-approved" list. Staff is prepared to review and sign-off on permit applications for interior alterations related to the subject space that are consistent with applicable regulations. Furthermore, that information should be presented at a Commission meeting for the benefit of the Commission and the public. However, should the repurposing of the subject space involve exterior alterations, that information will be presented to the Commissioners for review and approval and may warrant action by the City Council.

**RECOMMENDATION**

At it's January 7, 2010 meeting, the CPC acted to recommend that the approved plans for Greektown Casino be amended to modify the use of the space within the casino complex currently designated as "event center" to allow in that space any activity allowed in the casino complex, including restaurants or other dining facilities, bars and lounges, retail stores, convention areas, theater, and other amenities, but excluding gaming. A condition of this approval is that the plans be presented to the CPC upon their being signed-off by CPC staff.

**PUBLIC COMMENT**

**SANDRA HINES** complained about not being paid in a timely fashion while working for Project G.E.T. which is a block-grant funded agency. *(Her issue was referred to the Research & Analysis and Fiscal Analysis Divisions for investigation and report to the Planning and Economic Development Standing Committee, and line item for Thursday, March 25, 2010)*

**ROGERS CARTER** read his written statement. He stated he has been waiting eight years for the Planning and Development Department to review his proposed development of a number of homes. He asked City Council for help in dealing with the department. *(Member Jenkins referred him to the Planning and Economic Department Committee for review.)*

**LARRY WIGGINS** read his written statement *(on file in the City Clerk's Office)* requesting an investigation of alleged unfair contracting practices and fraudulent behavior within Detroit city government as it relates to the Department of Transportation. Also, he asked City Council to not vote to rescind the contract listed as line item no. 61 on the agenda (Environmental and Technical Controls, Inc.), instead he asked Council to approve the contract extension. *(President Pro Tem Brown*

*informed Mr. Wiggins that line item no. 61 was being referred to the Public Health and Safety Standing Committee and his staff will make sure answers to Mr. Wiggins' questions will be provided within the next couple of days.)*

**JENINE WALKER** expressed her displeasure with the job performance of Detroit Public Schools' Emergency Financial Manager Robert Bobb.

**AL and LYNN CALDWELL and MARILYN SOUTHERN** requested an investigation into the proposed March 2010 opening of an adult foster care facility (Gilead House) located at 19420 McIntyre St. without prior notification to the area residents. Ms Gwendolyn Brooks and Ms. Beverly Eady also expressed concern related to the same matter. (Pro Tem Brown referred same to the Planning and Economic Development Standing Committee and Member Watson asked the City Planning Commission to review the issue as well).

**WISAM ZEINEH**, President, Detroit EMS Assoc., informed City Council of what he called critical changes relating to the EMS infrastructure. He stated that out of the 24 ambulances operated on a daily basis that are licensed as advanced life support ambulances, which is a critical component, that recently the city downgraded some of those ambulances to basic life support and the basic life support takes away that whole ability to administer medications, cardiac monitoring, and advanced procedures. Mr. Zeineh requested a public hearing before City Council on the matter. *(President Pro Tem Brown referred the request to the President's Office to schedule a date and time.)*

**ROBERT O'BRIEN** distributed a packet to Council (on file in the Clerk's Office) relative to Piquette Square which is a 150-unit apartment building between New Center and Midtown that will provide permanent, long-term housing for homeless veterans in the City of Detroit. Mr. O'Brien also invited City Council to tour the building on Saturday, March 20, 2010.

**LARRY YOUNG and GEORGE ROMAN** requested permission for installation of a monument in the form of a lion in Hart Plaza overlooking Windsor honoring the birthplace of the "Lions Club International Association". *(Member Watson recommended the request be routed to the Recreation and Civic Center Departments; Pro Tem Brown referred the gentlemen to the Clerk's Office to file their petition request.)*

**AHMINA MAXEY**, of the East Michigan Environmental Action Council, appeared to thank City Council for voting last week in support of an ordinance relative to anti-idling, and to also ask for Council's support relative to a diesel emission reduction ordinance.

**ROCIO VALERIO** spoke on what she feels are negative health impacts caused by diesel pollution.

**CECILIA MARTINS**, of Greater Horizon Training Institute, thanked Member Watson for allowing her staff to visit their open house. Ms. Martins stated their institute is a health career school and they are seeking assistance in placing their graduates in healthcare-related jobs.

**MARLENE COTTON**, instructor at facility, supported Ms Martin's request for assistance.

**ALICE McCOLLOM**, employee at facility, also appealed for Council's support with their current problem.

**JASON BANKS** appeared to ask City Council for assistance in seeking employment in his field. He stated he has certifications as a nursing assistant, phlebotomy, EKG, and patient care technician. *(Member Spivey asked Mr. Banks to provide his information to one of his staff members; Member Watson asked Mr. Banks to contact Rev. Dr. Joseph R. Jordan, of Corinthian Church, who is on the board at Henry Ford Health Systems. Member Watson suggested the other three speakers contact the Mayor's Office for assistance with their problem).*

Honorable City Council:

Re: Address: 14851 Robson. Name: Michael M. Mills. Date ordered removed: April 23, 2009 (J.C.C. page 842).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 15, 2010 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 10, 2010.

The proposed use of the property is rehabilitation and rental.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:
  - Certificate of Acceptance related to building permits
  - Certificate of Approval as a result of a Housing Inspection
  - Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

**PUBLIC COMMENT**

1) **ELLA CONLEY-PERKINS** spoke on behalf of COTS. Says she was informed that there is funding that is going to be rolled back to November and it normally comes in May. Reported that some people will be laid off if they don't receive the funding.

Council Member Watson requested that the mayor's staff who were present, to look into Ms. Perkins issues, so that COTS will not be at risk.

Council Member Jenkins wondered is Ms. Perkins speaking about the delay in block grant, not about a specific payment.

Council Member Watson stated that the Planning & Development is \$50m in the safe, from previous years, unfunded. They have enough money to take care of COTS.

Council Member K. Cockrel, Jr. added that Ms. Watson is right, that there is usually unspent money in cost centers. The Mayor has the ability to actually reprogram that money to other agencies; but Council has to approve it.

Council President Pugh stated to Ms. Perkins that if there ever is a problem, will make sure that COTs fully understands this process, if for some reason there is a gap in funding. (Also referred matter to Planning & Economic Development Standing Committee.)

2) **DELORIS JOHNSON**, on behalf of her husband, spoke relative to a civil infraction that he was issued for an operable minivan that belongs to their property; and the court is saying that she must pay \$140.00 in order to fight the matter.

Council President Pugh informed Ms. Johnson that this matter will be resolved today.

3) **CHARLESETTA TRIPLETT** expressed her support for the United Community Housing Coalition.

4) **DAN LOACANO, Southwest Housing Solutions**, discussed reallocation of Bagley Housing Association CDBG funds to Southwest Housing for a \$3.1m project. They are going to take the old Third Precinct (foot of Ambassador Bridge) and renovate it into a creative arts center. Here today to ask for Council's support in moving it forward.

Council President Pugh referred to the matter to the Planning & Economic Development Standing Committee.

5) **BERNICE SMITH** requested if Council has thoroughly investigated the selling of the DMC. She lives in the area. Would like to know why Council was not aware of it, when President Pugh was aware of it. Also expressed concerns about the pension, which is in danger of being taken over. Must be very vigilant about what's going on.

6) **ROBBIE WALKER, United Community Housing Coalition**, expressed concerns relative to block grant issues. Have concerns about layoffs and the possibility that some of their programs will be cut, which will result in them not being able to provide services to the citizens of the City of Detroit and they really need the help.

Council President Pugh indicated that Council is doing what they can to get the process underway for this fiscal year. Reports that they are very frustrated with the delay from the Mayor's Office. However, they will do all they can to help.

7) **KIA OUSLEY, United Community Housing Coalition**, expressed concerns relative to block grant issues, which may result in layoffs. Reports that she is currently going to school, engaged to be married, and this is her survival for right now until she's off into her career. Wants to make sure that the funds will be available later for them to receive.

8) **TED PHILLIPS, United Community Housing Coalition**, indicates that his presentation is not about COTS, United Community Housing Coalition, City Year, Noah, Young Detroit Builders, or any of the other groups that are in the audience, but about the concerns over hundreds of groups across the city that are facing loss of block grant funding. The question is, "Why is this happening?" Reports that the stimulus programs have money to hire staff.

Council Member Watson states that Attorney Ted Phillips is absolutely correct. Doesn't think anybody is being mean spirited, who has come up this so-called re-engineering, but thinks they lack the holistic institutional memory of how this has happened in the past. Believes there are a lot of folks in Detroit who are laid off and can do this work. If the money isn't used in time, it will go back to Washington, and that will be a tragedy. Moves that Council makes them give the money out.

Council President Pugh indicates that there will be a Committee of Whole scheduled to discuss this matter.

9) **TONYA PHILLIPS, Michigan Legal Services/SOS Coalition**, expressed concerns relative to CDBG funding cuts and layoffs. Asks that Council continue to work with them to resolve this matter. "Let's do what we can to make sure that our most vulnerable citizens will be able to continue receiving these services."

Council President Pugh indicates that Council will make sure she gets an invitation to come back during the Committee of the Whole regarding this matter.

10) **DEBRA MILLER, Chairman of the Bed Bug Task Force**, spoke relative to CDBG funding issues. Wants to know where will people go without these programs. Says they need the money to help the people.

11) **JAMES HARRIS** says he is living proof that the programs work. He is a recovering drug addict and says he has been clean for 25 years. The money that is being cut has helped him. Now he is a job coordinator.

Council President Pugh indicates

that Council is going to do what they can do to make sure that these programs will continue to be properly funded.

12) **LARRY WIGGINS** expressed concerns relative to the withdrawal of an ETC contract (Matter was addressed during Public Health & Safety Standing Committee held on March 22, 2010.)

13) **NORMAN THRASHER, Thrasher Outdoor Billboards and Advertising**, spoke relative to bus shelters and advertising.

14) **KEVIN CAREY**, spoke relative to request of having a special session regarding the crime lab. Wants Council to send a letter to the federal government for an outside independent investigation of the crime lab. Believes that Kym Worthy should not be over the investigation of the crime lab, neither does the state. Wants the federal government to intervene and also want a Citizens Review Board. Also wants an independent crime lab without the supervision of the police. Wants another meeting with Kym Worthy, immediately, with them being present.

15) **MARILYN LEWIS**, spoke relative to crime lab issues. Asked the Council to take a closer look at what's going on with the crime lab. "The Detroit Peoples Task Force will be watching."

16) **MOTHER RUEDELL HOLMES** offered a prayer.

Honorable City Council:

Re: Petition Number 2077 — Request for City Council Approval for the Issuance of a Michigan Liquor Control Commission Dance and Entertainment Permit to Backstreet at Large, Inc., for a Group "D" Adult Cabaret at 15600-15606 Joy Road.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, a combination dance-entertainment permit, or a topless activity permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to the Detroit City Council a Local Approval Notice, Request ID Number 426784, which has been designated by the City Clerk as Petition Number 2077. This Local Approval Notice requests City Council approval or disapproval of a request by Backstreet at Large, Inc. ("Permit Applicant"), for the issuance of a dance and entertainment permit in conjunction with a "Class C license" at 15600-15606 Joy Road.

The Building and Safety Engineering Department ("B&SE") reports that 15600-15606 Joy Road is zoned B4 and that the current legal land use is "Class C bar and adult cabaret" per Permit Number 30808. This permit was issued on February 11,

1986 pursuant to Board of Zoning Appeals Case Number 182-85. A certificate of compliance for the premises at 15600-15606 Joy Road was issued by B&SE on May 28, 2009. B&SE records indicate that the Permit Applicant was issued a Group "D" Adult Cabaret license for the location, which expires on April 30, 2010. Section 5-2-1 of the City Code defines a Group "D" Adult Cabaret as an establishment open to the public which sells or serves alcoholic beverages with or without food, and provides entertainment that is distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities, as also defined in Section 5-2-1. Pursuant to a Local Approval Notice, Request ID Number 49012, this Body on March 9, 2010 approved a request for the issuance of a topless activity permit by the MLCC for the location.

It is the understanding of the Law Department that the Permit Applicant also intends to continue patron dancing and male adult entertainment at the licensed location. As such, this Local Approval Notice requests approval of this Body of the issuance of a dance and entertainment permit by the MLCC for the location.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the effective date. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the report, dated January 15, 2010, has been mailed to the Permit Applicant.

**RECOMMENDATION**

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criterion No.11, which concerns unpaid fees or uncured violations under the purview of the Fire Department related to the subject premises. Specifically, in a report dated September 4, 2009, the Detroit Fire Marshall Division recommended denial of the request for

approval because of: 1) unpaid fees for the location in the amount of one hundred and six dollars (\$106.00), and 2) outstanding violation of the Detroit Fire Prevention and Protection Code, being Chapter 19 Article I, of the 1984 Detroit City Code. However, upon notification of these deficiencies the Permit Applicant has paid the delinquent Fire Marshal Division fees of \$106.00. Further, the Fire Marshal has advised that the subject location was recently inspected and that the violations under the Detroit Fire Prevention and Protection Code have been corrected.

Therefore, attached is a proposed resolution approving the issuance of a new dance and entertainment permit by the MLCC to the Permit Applicant, Backstreet at Large, Inc., for 15600-15606 Joy Road. Further, the Law Department recommends that the proposed Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON

Corporation Counsel

**RESOLUTION FOR APPROVAL OF THE ISSUANCE OF A MLCC DANCE AND ENTERTAINMENT PERMIT TO BACKSTREET AT LARGE, INC., FOR A GROUP "D" ADULT CABARET AT 15600-15606 JOY ROAD**

By Council Member Jenkins:

Whereas, Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a combination dance and entertainment permit, or a topless activity permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, The Building and Safety Engineering Department ("B&SE") reports that 15600-15606 Joy Road is zoned B4 and that the current legal land use is "Class C bar and adult cabaret" per permit number 30808 issued on February

11, 1986 pursuant to Board of Zoning Appeals Case Number 182-85;

Whereas, A certificate of compliance was issued by B&SE on May 28, 2009 for the premises at 15600-15606 Joy Road;

Whereas, B&SE records indicate that the Permit Applicant was issued a Group "D" Adult Cabaret license for the location, which expires on April 30, 2010;

Whereas, Pursuant to a Local Approval Notice, Request ID Number 49012, this Body on March 9, 2010 approved a request by the Permit Applicant for the issuance of a topless activity permit by the MLCC for the location;

Whereas, Because the Permit Applicant also intends to continue patron dancing and male adult entertainment at the location, the Local Approval Notice requests approval of this Body of the issuance of a dance and entertainment permit by the MLCC for the location;

Whereas, Section 5-2-1 of the 1984 Detroit City Code defines a Group "D" Adult Cabaret as an establishment open to the public, which sells or serves alcoholic beverages with or without food, and provides entertainment that is distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities, as also defined in Section 5-2-1;

Whereas, Pursuant to Section 5-2-21 of the 1984 Detroit City Code, a Group "D" Adult Cabaret business license is required for any establishment to operate as an adult cabaret;

Whereas, B&SE Business License Center's records indicate that the Permit Applicant's location at 15600-15606 Joy Road is currently licensed as a Group "D" Adult Cabaret;

Whereas, The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009;

Whereas, Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the August 25, 2009 effective date;

Whereas, Part VI of the Procedures and Criteria states that City Council shall grant a Permit Applicant's request for approval of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant;

Whereas, Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria with a copy of the report, dated January 15, 2010, mailed to the Permit Applicant;

Whereas, A review of the Coordinator's report provided the Law Department indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criterion No.11, which concerns unpaid fees or uncured violations under the purview of the Fire Department related to the subject premises;

Whereas, In a report dated September 4, 2009, the Detroit Fire Marshall Division recommended denial of the request for approval because of unpaid fees for the location in the amount of one hundred and six dollars (\$106.00), and outstanding violations of the Detroit Fire Prevention and Protection Code, being Chapter 19 Article I, of the 1984 Detroit City Code;

Whereas, Upon notification of these deficiencies, the Permit Applicant has paid the delinquent Fire Marshal Division fees of \$106.00 and corrected the outstanding violations under the Detroit Fire Prevention and Protection Code, as indicated in the Law Department's report to this Body in this matter;

Whereas, The Law Department has submitted a proposed resolution approving the issuance of a dance and entertainment permit by the MLCC to the Permit Applicant for 15600-15606 Joy Road; and

Whereas, Upon this Body's approval of the request for the issuance of a dance and entertainment permit to the Permit Applicant, in conjunction with the existing "Class C license," the location will be approved for patron dancing and adult male entertainment on the premises;

Now Therefore It Is Resolved, Pursuant to Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), and in accordance with the Procedures and Criteria adopted by this Body effective August 25, 2009, the Detroit City Council approves the issuance of a dance and entertainment permit to Backstreet at Large, Inc., for 15600-15606 Joy Road; and

It Is Further Resolved, That a copy of this Resolution, and the City Clerk's certification of this approval of MLCC Request ID Number 426784, be forwarded to the Michigan Department of Labor and Economic Growth, Liquor Control Commission, 7150 Harris Drive, P.O. Re: Petition No. 3136 — F & M Auto Sale Inc., requesting alley closure in the area behind 13228 E. Eight Mile Road because of illegal dumping and break-ins in the area.

Petition No. 3136 of "F & M Auto Sale Inc." whose address is 13228 East Eight Mile, Detroit, request permission to temporarily close the North-South and the westerly portion of the east-west public alleys 18 and 20 feet wide in the block bounded by East Eight Mile Road, 204 feet wide, Collingham Drive, 60 feet wide, Joann Avenue, 60 feet wide, and Alcoy Avenue, 60 feet wide. This request is needed to provide more security to my business and stop the illegal dumping behind my property.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All involved City departments and privately owned utility companies have reported no objections to the proposal, provided they have the right to ingress and egress at all times to their facilities.

You will find attached an appropriate resolution, for your Honorable Body's consideration, authorizing the City Engineering Division — DPW to issue permits to close said North-South and the westerly portion of the east-west public alleys 18 and 20 feet wide, on a temporary basis (for a period of five (5) years) to expire on March 19, 2015.

Re: Water Service Contract Between City of Detroit and Township of Bruce.

The Township of Bruce in Macomb County has agreed to a new thirty-year water service contract with the City of Detroit. This is the first contract for water service between the City of Detroit and the Township of Bruce. This contract is based upon the model water contract that was discussed in detail before the Public Health and Safety Standing Committee on May 19, 2008. As discussed in Committee, the new contracts have a term of thirty years. The terms of each contract negotiated are essentially identical, with the exception of the two contract exhibits. Exhibit A of the contract sets forth the customer's service area and metering information. Exhibit B of the contract sets forth the particular service level needs of the customer.

Your approval of the new water service contract with the Township of Bruce, with a waiver of reconsideration is requested. The Board of Water Commissioners approved this water service contract on January 27, 2010.

**Department of Public Works**

**City Engineering Division**

February 3, 2010

Honorable City Council:

Re: Petition No. 2980 — EnviroSolutions Inc. requested for installation of piping and wells beneath and within Berg Road south of property located at 22646 West Eight Mile Road.

Petition No. 2980 of "EnviroSolutions Inc." request permission to install and maintain recovery wells and piping in Berg Road, 66 feet wide, between Cherokee Drive, 50 feet wide, and West Eight Mile, also the East-West public alley, 26 feet wide, west of Berg Road and South of West Eight Mile Road. The purpose of the bored well is to remove the existence or extent of soil contamination within said area.

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

Soil boring and recovery wells installations are equivalent to an "open cut" in a public street or alley. Necessary permits will have to be obtained for any street or alley opening, backfill, or occupancy of the City rights-of-way to install monitoring wells.

DTE Energy-MichCon Gas Company reports involvement, but no objection to the encroachment provided that the request with recovery wells and piping will at least be 3.5 feet away from any DTE's facilities and will not be in conflict with DTE's existing gas main (8"—CL-2# 1956) located 11.0 feet from the West of the East property line of Berg Road.

The Detroit Water and Sewerage Department (DWSD) reports existing water and sewer facilities in Berg Road and a sewer in the east-west public alley where remediation pipes are going to be installed. However, DWSD has no objections to the proposed encroachments provided the requirements are strictly followed.

Traffic Engineering Division — DPW reports no objection to the requested encroachments into Berg Road and the east-west public alley provided that the grade shall be maintained in original condition after installation of the well is flush with the original grade.

The Department of Environmental Affairs (DEA) report that the petitioner trenching on the east side of Berg Road will cross the approaches to the driveways of 20380, 20378, 20366 and 20623 Berg Road, therefore, the DEA recommends that the petitioner use horizontal drilling under every driveway approach to install the piping at each said location. DEA and the Law Department shall draft a right-of-entry document for the petitioner once the Honorable City Council approves a resolution.

All other city departments and privately-

owned utility companies have requested that the petitioner make use of the "MISS DIG" facilities before any soil borings, permanent monitoring wells or piping are installed in the public (street or alley) rights-of-way. Should damages to the utilities occur the petitioner shall be liable for all claims and damages to the encroaching installations.

Finally, The City Engineering Division — DPW will require "EnviroSolutions Inc." to submit certified "as-built" drawings, a map and survey showing exact location of the petitioner's complete permanent monitoring well and piping installations within the public rights-of-way

An appropriate resolution, granting the encroachments, is attached for consideration by your Honorable Body.

Respectfully submitted,

MANILAL PATEL

Interim City Engineer

City Engineering Division—DPW

By Council Member Brown:

Whereas, City Council has adopted a resolution (June 6, 1990 — J.C.C. Pgs. 1325-26) urging the Michigan Department of Natural Resources and Environmental Protection Agency ("MDNR") to investigate, inspect, and remedy all environmental problems in the City of Detroit to ensure public safety; also

Whereas, The State of Michigan requires that all-underground storage tanks shall be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "EnviroSolutions Inc." to install and maintain eight (8) permanent recovery wells and piping encroaching within the public right-of-way for the purpose of removing the presence of hazardous materials and/or soil contamination from leaking underground storage tanks; and public right-of-way being nearby or adjoining property described as follows:

Encroachment(s) to consist of "permanently" (meaning more than thirty days, or other long-term duration) installed recovery wells within public rights-of-way, nearby or adjacent to the above-described property;

Provided, Detroit Water and Sewerage Department (DWSD) does not waive any of its rights to its facilities located in the street or alley, and at all times, DWSD, its agents, or employees, shall have the right to enter upon the street or alley to maintain, repair, alter, service, inspect, or install its facilities. All cost incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements herein permitted and incurred in gaining access to DWSD's facilities for maintenance, repairing, alteration, servicing or inspection by DWSD shall be borne by the petitioner. All cost associated with gaining access to DWSD's facilities which could normally be expected had the petitioner not encroached into the street shall be borne by DWSD; and further

Provided, That all construction performed under this petition shall not be commenced until after five (5) days written notice to DWSD. Seventy-two hours notice shall also be provided in accordance with P.A. 53 1974, as amended, utilizing MISS DIG one call system; and further

Provided, That construction under this petition is subject to inspection and approval by DWSD forces. The cost of such inspection shall, at the discretion of DWSD, be borne by the petitioner; and further

Provided, That if DWSD's facilities located within the street shall break or be damaged as the result of any action on the part of the petitioner, then such event the petitioner agrees to be liable for all cost incident to the repair, replacement, or relocation of such broken or damaged DWSD facilities; and further

Provided, That the petitioner shall hold DWSD harmless for any damages to the encroaching device constructed or installed under this petition which may be caused by the failure of DWSD's facilities; and further

Provided, That the remediation pipes shall be installed according to the plans

and profiles given and/or on file with DWSD; and further

Provided, That the petitioner shall install signs indicating where the remediation pipes cross Berg Road and showing the contact information for the remediation pipes; and further

Provided, That prior to the construction for installing and remediation pipes the petitioner shall obtain an Easement Encroachment Permit from DWSD which will require, among other things, the petitioner to furnish proof of insurance coverage; and further

Provided, That if at any time in the future the petitioner shall request removal and/or relocation of DWSD's facilities in the street or alley being encroached upon the petitioner agrees to pay all cost for such removal and/or relocation; and further

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching recovery wells and piping to be placed upon the surface or underground rights of privately-owned property. Enforcement of violations of fire safety regulations and buildings code are the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Department for approval and permits to place any recovery wells and piping on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to act in behalf of the city, require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of each proposed encroaching recovery wells. **City Planning Commission**

March 12, 2010

Honorable City Council:

Re: Corrective action needed for a Neighborhood Enterprise Zone Certificate Application for one unit at 55 West Canfield Avenue (Recommend Approval).

The State of Michigan is requesting that the Detroit City Council pass a resolution correcting an error that was made approving an Neighborhood Enterprise Zone (NEZ) certificate at 55 West Canfield Avenue.

On March 8, 2006, City Council passed a resolution approving applications for 30 NEZ certificates in the South University Village area for 55 West Canfield Avenue Units 1-30.

The aforementioned units were identified in the NEZ certificate applications by unit number 1-30; however, it was later realized that Unit #1 is a commercial space located on the first floor of the building. South University Village LLC's applications should have identified the unit number as 2-31.

As a result, the State of Michigan is requesting that the Unit #1 application be changed to Unit #31.

Attached is a resolution for the City Council's consideration.

Respectfully submitted,  
MARCELL R. TODD, JR.

**Budget Department**

March 10, 2010

Honorable City Council:  
Re: Budget Amendment of the Fiscal  
Year 2009-10 Budget.

The Finance Department is responsible  
for preparing the City's Comprehensive  
Annual Financial Report (CAFR). The  
CAFR is necessary to not only present to  
the public the City's financial picture but  
also to provide Federal, State and others  
the information needed for those bodies  
to award funding to the City.

The City, acting by and through its  
Finance Department and Office of the  
Auditor General, has requested approval  
of a contract amendment to contract  
#2761395 with KPMG. KPMG has been  
contracted to audit the CAFR, the Single  
Audit and financial statements for the  
Water and Sewerage Disposal Funds for  
the fiscal years ending June 30, 2007,  
2008, 2009.

The Finance Department respectfully  
requests additional funding in the Office  
of the Auditor General, Appropriation No.  
12680 Auditing-CAFR, for KPMG to com-  
plete the audits. The Finance Department  
has determined that \$2,524,064 is need-  
ed. This funding will not exceed the con-  
tract amount.

The City of Detroit has collected  
\$2,227,787 in delinquent property taxes,  
which was not anticipated for the year,  
that we propose appropriating for the  
aforementioned auditing services, along  
with transferring \$296,277 in contractual  
funding available in Finance Administration-  
Appropriation No. 00058. A total increase  
of \$2,524,064 is being proposed for Office

of the Auditor General Appropriation No. 12680 Auditing-CAFR.

A waiver of reconsideration is requested. Respectfully submitted,  
PAMELA C. SCALES  
Budget Director

March 10, 2010

Honorable City Council:

Re: Implementation of Budget Required Furlough (BRF) Days for Employees Represented by Utility Workers of America, Local 504 (BU 8900).

The Labor Relations Division has recently reached agreement on a 2008-2012 labor contract with the Utility Workers of America, Local 504. Due to the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's long-standing practice, we are, therefore, recommending that your Honorable Body authorize action to reduce the standard work hours by ten percent (10%) or twenty-six (26) work days in a 12-month period for three (3) consecutive twelve-month periods, and to reduce proportionately those fringe benefit qualifiers which are based upon hours worked, as set forth in the attached Schedule A-11, effective upon City Council's approval. The complete labor agreement will be submitted to your Honorable Body as soon as it is ready.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,

- If employee required to work BRF, a substitute BRF will be scheduled by Department and taken by employee within designated 12-month period.

**Law Department**

March 17, 2010

Honorable City Council:

Re: Petition Number 2468 — Request for City Council Approval for Issuance of a Michigan Liquor Control Commission Topless Activity Permit to Secret City, Inc., for a Group "D" Adult Cabaret at 20226-20230 Joy Road.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or topless activity permit, or a combination dance and entertainment permit, or topless activity permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to the Detroit City Council a Local Approval Notice, Request ID Number 433678, which has been designated by the City Clerk as Petition Number 2468. This Local Approval Notice requests City Council approval or disap-

proval of a request from Secret City, Inc. ("Permit Applicant"), for the issuance of a topless activity permit in conjunction with the transfer of ownership of a "Class C license" at 20226-20230 Joy Road from Loose Ends, Inc.

Buildings and Safety Engineering Department ("B & SE") records for 20226-20230 Joy Road indicate that the business is located in a B4 (General Business) zoning district and that the current legal use of the property is a restaurant with a Group "D" Adult Cabaret under Permit Number 34987, issued February 16, 1960. B & SE also reports that a Certificate of Compliance was issued for the location in 2009.

Section 5-2-1 of the City Code defines a Group 'D' Adult Cabaret as an establishment open to the public which sells or serves alcoholic beverages with or without food, and provides entertainment that is distinguished or characterize by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities, as also defined in Section 5-2-1. Specified anatomical areas, as defined, include less than completely and opaquely covered female breasts below a point immediately above the top of the areola. Pursuant to Section 5-2-21 of the 1984 Detroit City Code, a Group "D" Adult Cabaret business license is required for any establishment to operate as an adult cabaret. Accordingly, the Permit Applicant will have to be issued a Group "D" Adult Cabaret license by the City in conjunction with the transfer of the "Class C license" at the location.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the effective date. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the report, dated January 15, 2010, has been mailed to the Permit Applicant.

**RECOMMENDATION**

A review of the Coordinator's report indicates that the Permit Applicant has

met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criterion No. 11, which concerns delinquent inspection fees or uncured violations under the purview of the Fire Department related to the subject premises. Specifically, in a report dated September 4, 2009, the Detroit Fire Marshal Division recommended denial of the request pending the payment of delinquent fees in the amount of three hundred and ninety dollars (\$390.00) and the correction of outstanding violations of the Detroit Fire Prevention and Protection Code, being Chapter 19, Article I, of the 1984 Detroit City Code. However, upon notification of these deficiencies, the Permit Applicant has paid the delinquent Fire Marshal Division fees and corrected the violations under the Detroit Fire Prevention and Protection Code. B & SE Business License Center records for the location indicate that a clearance has been obtained from the Fire Department.

Therefore, attached is a proposed resolution approving the issuance of a topless activity permit by the MLCC to the Permit Applicant, Secret City, Inc., for 20226-20230 Joy Road. Further, the Law Department recommends that the proposed Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
KRYSTAL A. CRITTENDON  
Corporation Counsel

Whereas, A review of the Coordinator's report provided the Law Department indicates that the Permit Applicant has met the approval criteria contained in Part VI

of the Procedures and Criteria, except for Approval Criterion No. 11, which concerns unpaid fees or uncured violations under the purview of the Fire Department related to the subject premises;

Whereas, In a report dated September 4, 2009, the Detroit Fire Marshal Division recommended denial of the request for approval of the permit because of unpaid fees for the location in the amount of three hundred and ninety dollars (\$390.00), and outstanding violations of the Detroit Fire Prevention and Protection Code, being Chapter 19, Article I, of the 1984 Detroit City Code;

Whereas, Upon notification of these deficiencies, the Permit Applicant has paid the delinquent Fire Marshal Division fees and corrected the outstanding violations under the Detroit Fire Prevention and Protection Code, as indicated in the Law Department's report to this Body in this matter;

In the event that any of the aforementioned reasons for removal from the Board reduces Board membership below that is mandated by law, then said vacancy shall be filled by the Mayor within sixty (60) days of the condition that produced the vacancy.

The Secretary shall keep a record of its proceedings and shall perform such other duties delegated by the Board (the Board may employ and fix the compensation of a secretary; that is, this position need not be filled by a Board member. In such case, the secretary would be a staff person of the Authority, and not an Officer of the Authority.)

(d) The Treasurer shall keep the financial records of the Authority and who, together with the director of the Authority, shall approve all vouchers for the expenditure of funds of the Authority. The Treasurer shall perform such other duties as may be delegated to him or her and shall furnish a bond in an amount as prescribed by the Board. (The Board may employ and fix the compensation of a treasurer; that is, this position need not be

Re: Obsolete Property Proposal FRBD,  
LLC, 160 W. Fort, Parcel #02000188-  
91.

Dear Mr. Palmer:

The Assessment Division of the Finance Department has reviewed the proposed Obsolete Property District located at 160 W. Fort.

The rationale for creating Obsolete Property projects under PA 146 of 2000 is based on the anticipation of increased

market value upon completion of new construction and/or significant rehabilitation of existing commercial property and commercial housing property. Normal repair and maintenance are not assessed and do not necessarily generate additional market value.

Currently the proposed site to be developed by FRBD, LLC is the vacant Federal Reserve Bank of Chicago/Detroit Branch building which consisted of a four-story commercial bank and office space, with a nine-story annex addition. The developer proposes to renovate this vacant property into one and two bedroom apartments and a small retail area on the main floor. This property consist of the following 2009 values:

Parcel #	Address	Building Assessed Value (SEV)	Building Taxable Value	Square Footage	Land Assessed Value (SEV)	Land Taxable Value
02000188-91	160 W. Fort	\$73,750	\$73,750	152,605	\$926,250	\$926,250

This property meets the criteria set forth in section 2 of the Brownfield Redevelopment Act, MCL 125.2652 (1996) as “functionally obsolete,” meaning that the property is unable to be used to adequately perform the function which it was intended due to a substantial loss in value resulting from factors such as over-capacity, changes in technology, deficiencies or super inadequacies in design or other similar factors.

The developer proposes to renovate this functionally obsolete property by replacing the HVAC, plumbing, roof & electrical systems. The roof and elevators will be repaired. Also, a leaking underground storage tank deposited contaminants in subsurface soil under the building so the basement has limited use. The building interior will be reconstructed for the apartments and small retail space.

A field investigation indicated that the area known as FRBD, LLC located at 160 W. Fort qualifies for the proposed Obsolete Property Rehabilitation Act under P.A. 146 of 2000.

On Thursday, March 4, 2010, a public hearing in connection with establishing an Obsolete Property Rehabilitation District was held before your Honorable Body.

Attached please find a resolution and legal description, which will establish an Obsolete Property Rehabilitation District at 441 Canfield Street, Detroit, MI., in accordance with Public Act 146 of 2000 (“the Act”). Such establishment will mate-

Resolved, That Obsolete Property Rehabilitation District, more particularly described in Exhibit A attached hereto, is hereby approved and established by this City Council in accordance with Act 146.

proposed Obsolete Property District located at 441 W. Canfield.

The rationale for creating Obsolete Property projects under PA 146 of 2000 is based on the anticipation of increased market value upon completion of new construction and/or significant rehabilitation of existing commercial property and commercial housing property. Normal repair and maintenance are not assessed and do not necessarily generate additional market value.

Currently the proposed site to be developed by Willy's Overland Lofts, LLC are two vacant buildings that were used for the storage of large equipment and vehicles. The buildings have been vacant for a number of years and require significant rehabilitation. The developer proposes to renovate this vacant property into commercial retail and parking, 28 indoor spaces, 26 rooftop spaces and 10 outside spaces. This property consist of the following 2009 values:

Parcel #	Address	Building Assessed Value (SEV)	Building Taxable Value	Square Footage	Land Assessed Value (SEV)	Land Taxable Value
02000890	441 W. Canfield	\$620,519	\$620,519	47,460	\$167,815	\$167,815

This property meets the criteria set forth in section 2 of the Brownfield Redevelopment Act, MCL 125.2652 (1996) as "functionally obsolete," meaning that the property is unable to be used to adequately perform the function which it was intended due to a substantial loss in value resulting from factors such as over-capacity, changes in technology, deficiencies or super inadequacies in design or other similar factors.

The developer proposes to renovate this functionally obsolete property by replacing the heating, cooling, plumbing, electrical systems, roof and windows. The interior walls will be replaced and there will be new inner walls constructed. The floors for the commercial retail will be grinded and sealed. The ramp & upper level parking will be cleaned and resurfaced. The inner garage doors will be removed and the façade will be refinished.

A field investigation indicated that the area known as Willy's Overland Lofts LLC located at 441 W. Canfield qualifies for the proposed Obsolete Property Rehabilitation Act under P.A. 146 of 2000.

Re: Request to apply for a 2009 American Recovery and Reinvestment Act Grant from the Economic Development Administration (EDA), Department of Commerce.

The Economic Development Administration (EDA), Department of Commerce's mission is to lead the federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. EDA advances economic growth by assisting communities and regions experiencing chronic high unemployment and low per capita income to create an environment that fosters innovation, promotes entrepreneurship, and attracts increased private capital investment.

Local governments are eligible to apply for up to \$150,000,000.00 in funding for a program where the mission will help restore, replace, and expand economic activity in regions that have experienced sudden and severe economic dislocation and job loss due to corporate restructuring; and prioritize projects that will diversify the economic base and lead to a stronger, more globally competitive and resilient regional economy. The Detroit Police Department intends for the application to focus on the need to construct a new police headquarters. The application will be prepared and submitted by the grant deadline of Wednesday, June 30, 2010.

In the event that approval is granted to apply and the award is received, Lieutenant Cynthia Williams, of Grants and Contracts, will serve as the project director.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the grant and approved participation.

**RESOLUTION REGARDING BUDGET IMPLICATIONS OF PROPOSED STATE LEGISLATION AFFECTING THE DETROIT GENERAL RETIREMENT SYSTEM AND DETROIT POLICE AND FIRE RETIREMENT SYSTEM**

By COUNCIL PRESIDENT PUGH:

WHEREAS, The Mayor and the Administration have sponsored state legislation currently pending in legislative committees at the state level, which attempts to address alleged problems in the current structure of the Detroit General Retirement System and Detroit Police and Fire Retirement System ("the Retirement Systems").

WHEREAS, The Administration has represented that, if enacted, such legislation should generate cost savings to the City of Detroit of approximately \$20 million.

WHEREAS, The Detroit City Council believes that the claimed cost savings have not been fully substantiated, and after examining the proposed state legislation the Council has determined that it would not be in the City's best interests to

have this legislation approved or adopted by the state legislature.

WHEREAS, The Council anticipates receipt of the Mayor's proposed budget on April 12, 2010;

WHEREAS, To the extent that the expected savings from such proposed legislation are reflected in the Mayor's executive budget proposal, Council believes it would be premature to account for such budget implications of legislation which has not been passed yet, and whose fiscal effects are unknown; THEREFORE BE IT

RESOLVED, That the executive budget as presented by the Mayor should include an alternative plan for the claimed \$20 million savings from the proposed state pension legislation.

**RESOLUTION REGARDING PROPOSED STATE LEGISLATION HB 5976 AND HB 5982 AFFECTING THE DETROIT GENERAL RETIREMENT SYSTEM AND DETROIT POLICE AND FIRE RETIREMENT SYSTEM**

By COUNCIL PRESIDENT PUGH:

WHEREAS, The Detroit City Council opposes and is united behind the defeat of recently proposed HB 5976 and HB 5982 (corresponding SB 1239 and 1240) in the Committee on Appropriations, which purports to:

- Define "distressed" municipal pension systems;

- Authorize the Municipal Employees Retirement System of Michigan (MERS) to assume control of such distressed local systems; and

- In effect, transfer the Retirement Systems from their locally elected and controlled Boards to MERS; and

WHEREAS, Council recognizes that there currently exist substantive and procedural challenges that relate to the management and governance of both of the City Retirement System Boards, and Council would support reform initiatives by means of City Charter amendment, or local legislative ordinances, for the purposes of professionalizing the management of the Retirement Systems, and insulating the Retirement Systems and their investment decisions from undue influence; and

WHEREAS, Council seeks to work cooperatively with the Bing Administration to devise and implement local improvements to the Retirement Systems and their governance and management, to accomplish mutual objectives pertaining

to these systems, without sacrificing local control over them; and

WHEREAS, The current City Council and its representatives to the Retirement Systems' Boards have only been in place for less than three months, they are aware of issues and concerns regarding the Board's past operation, which they have been actively addressing and working on within the current structure of the Retirement Systems, and it should be noted that some of the issues they have identified are not even addressed by the above proposed state legislation. THEREFORE BE IT

RESOLVED, That Council urges the Bing Administration and state legislature to withdraw the legislation, and particularly the Detroit delegation, to oppose recently proposed state legislation, which would transfer the Retirement Systems from their locally elected and controlled Boards to the Municipal Employees Retirement System of Michigan (MERS); and THEREFORE BE IT FURTHER

RESOLVED, That Council will work together with the Bing Administration to craft methods of addressing any issues, concerns and problems involved in the Retirement Systems, including but not limited to city code amendments, city charter revision, and if necessary state legislation to implement necessary changes developed collaboratively by local officials, which unlike the proposed state legislation referenced above, will not strip the City of local control unnecessarily, without remedying the existing problems.
